*Operating EBITDA is defined as operating income plus depreciation and amortization and non-recurring capital asset impairment charges. Operating EBITDA is not a measure of financial performance under accounting principles generally accepted in the United States (“GAAP”) and should not be considered in isolation or as a substitute for analysis of our results as reported under GAAP. We use Operating EBITDA as a benchmark measurement of our own operating results and as a benchmark relative to our competitors. We consider it to be a meaningful supplement to operating income as a performance measure primarily because depreciation expense and non-recurring capital asset impairment charges are not actual cash costs, and depreciation expense varies widely from company to company in a manner that we consider largely independent of the underlying cost efficiency of our operating facilities. In addition, we believe Operating EBITDA is commonly used by securities analysts, investors and other interested parties to evaluate our financial performance. For a reconciliation of net income to Operating EBITDA, please see page vi hereof.

The chart below summarizes our selected key financial and operating results for 2017 compared to 2016.

Foreign Currency Compensation

All of the cash compensation paid to our Named Executive Officers (“NEOs”), being primarily salary and annual bonuses, is paid in euros (or “€”) or Canadian dollars (or “C\$”). Such amounts are then translated into dollars using the average Federal Reserve Bank of New York spot rate for the

appropriate period. As a result, reported compensation amounts decline in periods when the dollar strengthens against the euro and Canadian dollar and conversely increase when the dollar declines versus such currencies.

Executive Compensation Highlights

Our executive compensation program is designed to achieve the following key objectives:

- Pay for performance by having a significant portion of an executive’s compensation performance based on “at risk”;
- Attract and retain top talent by competing effectively for high quality individuals whose efforts and judgments are vital to our continued success;
- Create an environment in which our executives are motivated to achieve and maintain superior performance levels and goals consistent with our overall business strategy;
- Reward and compensate our executives for their contribution to our overall success and for their individual performance during the relevant fiscal year; and
- Align the interests of our executives with the long-term interests of our Shareholders.

Some of the compensation practices we employ to achieve our objectives include:

| What We Do | What We Don’t Do |
|---|---|
| <ul style="list-style-type: none"> ● Pay for performance ● Deliver a significant portion of executives’ total direct compensation in the form of variable compensation ● Utilize performance-based equity awards with vesting requirements determined and judged by our Compensation and Human Resources Committee ● Manage share usage conservatively ● Conduct annual “say-on-pay” advisory votes ● Maintain a clawback policy ● Assess risks to our compensation policies and practices | <ul style="list-style-type: none"> ● Annually review the Compensation Committee’s charter ● Have single-trigger change-in-control executive contracts ● Provide significant perquisites ● Provide “defined benefit” retirement plans for our executives ● Provide supplemental executive retirement plans for our executives ● Provide excise tax gross-ups of perquisites ● Re-price stock options without shareholder approval; no grants below fair market value ● Pay dividends on unvested long-term equity incentives to our executives ● Allow executives to engage in hedging transactions with respect to our stock |

Independent Registered Public Accounting Firm

As a matter of governance practices, our Audit Committee is asking shareholders to ratify the selection of PricewaterhouseCoopers LLP to serve as our independent registered public accounting firm for 2018. The following table sets forth the aggregate fees billed by PricewaterhouseCoopers LLP for 2017 and 2016.

Advisory Resolution to Approve Our Executive Compensation

We are asking shareholders to approve, on an advisory basis, our executive compensation policies and practices as described in our Compensation Discussion and Analysis, accompanying tables and related narrative contained in this proxy statement. The advisory vote, commonly referred to as a “say-on-pay vote”, gives shareholders the opportunity to vote on the compensation for our NEOs that is disclosed in this proxy statement. This vote is not intended to address any specific item of executive compensation, but rather the overall compensation for our NEOs and the philosophy, policies and practices described in this proxy statement.

Since this say-on-pay vote is advisory, it will not be binding on our Board or our Compensation and Human Resources Committee. However, both the Board and such committee value the opinion of shareholders and will review the voting results and take them into consideration when making future decisions regarding executive compensation.

The non-binding resolution approving our executive compensation was approved by 95% of the shareholders present or represented by proxy at our 2017 annual meeting of shareholders.

PROXY STATEMENT

GENERAL INFORMATION

This proxy statement (“Proxy Statement”) is furnished in connection with the solicitation by management of Mercer International Inc. of proxies for use at the annual meeting of our shareholders (“Shareholders”) to be held in Oceanview Suite 7, R-Restaurant Level, Pan Pacific Hotel, 999 Canada Place, Vancouver, British Columbia, Canada at 10:00 a.m. (Vancouver time) on June 1, 2018 (the “Meeting”), or any adjournment, postponement or rescheduling thereof.

References to “we”, “our”, “us”, the “Company” or “Mercer” in this Proxy Statement mean Mercer International Inc. and its subsidiaries unless the context clearly suggests otherwise. References to “fiscal year” means an annual period ended December 31. Information herein for 2017 generally refers to our 2017 fiscal year.

If a proxy (a “Proxy”) is properly executed and received by us prior to the Meeting or any adjournment, postponement or rescheduling thereof, our shares of common stock, par value \$1.00 per share (the “Shares”) represented by such Proxy will be voted in the manner directed. In the absence of voting instructions, the Shares will be voted for the proposals set out in the accompanying Notice of Annual Meeting of Shareholders. Please see the Proxy for voting instructions.

A Proxy may be revoked at any time prior to its use by filing a written notice of revocation of proxy or a later dated Proxy with the Company’s registrar and transfer agent at Proxy Services, c/o Computershare, Inc., P.O. Box 505008, Louisville, KY 40233. A Proxy may also be revoked by submitting another Proxy with a later date over the Internet, by telephone, to our registrar and transfer agent or by voting in person at the Meeting. Attending the Meeting will not, in and of itself, constitute revocation of a Proxy.

The holders of one-third of the outstanding Shares entitled to vote at the Meeting, present in person or represented by Proxy, constitutes a quorum for the Meeting. Shares represented by proxies that reflect abstentions or broker non-votes (i.e., Shares held by a broker/dealer or other nominee that are not voted because the broker/dealer or other nominee does not have the authority to vote on a particular matter) will be counted as Shares that are present and entitled to vote for the purposes of determining the presence of a quorum for the Meeting.

In accordance with rules of the Securities and Exchange Commission (the “SEC”), we are furnishing our proxy materials related to the Meeting primarily via the Internet, instead of mailing printed copies of those materials to each Shareholder. Beginning on or around April 20, 2018, we will mail a Notice of Internet Availability to our Shareholders (other than those who had previously requested electronic or paper delivery) containing instructions on how to access our proxy materials, including this Proxy Statement and our annual report for 2017 (the “2017 Annual Report”), which includes our annual report on Form 10-K for the fiscal year ended December 31, 2017 (the “Form 10-K” or “2017 Form 10-K”). The Notice of Internet Availability also instructs you on how to vote over the Internet. This process is designed to expedite Shareholders’ receipt of proxy materials, lower the cost of the Meeting and help conserve natural resources. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice of Internet Availability. If you have previously elected to receive our proxy materials electronically, you will continue to receive these materials via e-mail unless you elect otherwise. This Proxy Statement, accompanying Proxy and the 2017 Annual Report will be available on or around April 20, 2018 on our corporate website and at www.proxyvote.com and www.investorvote.com for Shareholders.

Proxies may also be solicited by mail, telephone, facsimile or personal contact by our directors, officers or regular employees without additional compensation. All proxy-soliciting expenses in connection with the solicitation of votes for the Meeting will be borne by the Company.

Our Board has set the close of business on March 23, 2018 as the record date (the “Record Date”) for the determination of Shareholders entitled to notice of and to vote at the Meeting or any adjournment, postponement or rescheduling thereof.

COMMONLY ASKED QUESTIONS AND ANSWERS

Q: Why am I receiving these materials?

A: This Proxy Statement describes the proposals upon which you, as a Shareholder, will vote at the Meeting. It also gives you information on the proposals, as well as other information so that you can make an informed decision.

Q: Why did I receive a Notice of Internet Availability instead of a full set of proxy materials?

A: Rules adopted by the SEC allow companies to choose the method for delivering proxy materials to shareholders. We have elected to mail a notice regarding the availability of proxy materials on the Internet rather than sending a full set of these materials in the mail to our Shareholders (other than those who had previously requested electronic or paper delivery). This notice will be mailed to our Shareholders beginning on or around April 20, 2018, and our proxy materials will be posted on both our corporate website (www.mercerint.com) and the website referenced in the notice (www.proxyvote.com) on the same day. Utilizing this method of delivery expedites receipt of proxy materials by our Shareholders and lowers the cost of the Meeting. If you are a Shareholder and would like to receive a paper or email copy of the proxy materials, you should follow the instructions in the notice for requesting copies.

Q: What is the Proxy?

A: If you requested to receive printed proxy materials, these materials include an accompanying Proxy. The Proxy enables you to appoint Jimmy S.H. Lee and David M. Gandossi as your representatives at the Meeting. By completing and returning the Proxy, you are authorizing Mr. Lee and Mr. Gandossi to vote your Shares at the Meeting as you have instructed them on the Proxy. This way your Shares will be voted whether or not you attend the Meeting. Even if you plan to attend the Meeting, it is a good idea to complete and return your Proxy before the date of the Meeting just in case your plans change.

Q: Who can vote at the Meeting?

A: Registered Shareholders who own our Shares on the Record Date may attend and vote at the Meeting. Each Share is entitled to one vote. There were 65,170,531 Shares outstanding on the Record Date. If you own your Shares through a brokerage account or in another nominee form, you must provide instructions to the broker or nominee as to how your Shares should be voted. Your broker or nominee will generally provide you with the appropriate forms at the time you receive this Proxy Statement. If you own your Shares through a brokerage account or nominee, you cannot vote in person at the Meeting unless you receive a Proxy from the broker or the nominee.

Q: What am I voting on?

A: We are asking you to vote: (i) for the election of the Company's directors for the ensuing year; (ii) for the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal year 2018; and (iii) for the approval, on a non-binding advisory basis, of the compensation disclosed in this Proxy Statement of the Company's executive officers who are named herein in the Summary Compensation Table.

**OUR BOARD OF DIRECTORS
RECOMMENDS A VOTE "FOR" EACH OF
THESE PROPOSALS.**

Q: How do I vote?

A: Registered Shareholders may vote on the Internet, by mail, in person at the Meeting or by phone.

Voting on the Internet. Go to www.investorvote.com/merc (registered shareholders) or www.proxyvote.com (beneficial holders) or scan the QR code provided in your Proxy with your smartphone.

Follow the instructions to obtain your records and submit an electronic ballot. You should have your Proxy in hand when you access the website.

Voting by Mail. Complete, date, sign and mail the Proxy in the enclosed postage pre-paid envelope (if you received a paper copy of the proxy materials by mail). If you mark your voting instructions on the Proxy, your Shares will be voted as you instruct. Please see the Proxy for voting instructions.

Voting in Person. If you are a registered Shareholder and attend the Meeting, you may vote in person as instructed at the Meeting. However, if you hold your Shares in street name and you wish to attend and vote your Shares at the Meeting, you will first need to obtain a legal proxy from your broker, bank or other intermediary that is the holder of record of your Shares and bring it with you to the Meeting. Otherwise, you will not be permitted to vote in person at the Meeting.

Voting by Telephone. Call 1-800-652-VOTE (8683) from any touch-tone telephone and follow the instructions. You should have your Proxy in hand when you call.

If you own your Shares through a brokerage account or in other nominee form, you should follow the instructions you receive from the record holder to see which voting methods are available.

Q: What does it mean if I receive more than one Proxy?

A: It means that you hold Shares in multiple accounts. Please complete and return all Proxies to ensure that all your Shares are voted in accordance with your instructions.

Q: What if I change my mind after returning my Proxy?

A: If you are a registered Shareholder, you may revoke your Proxy and change your vote at any time before it is voted at the Meeting. You may do this by:

- sending a signed notice of revocation of proxy to our registrar and transfer agent at the address set out above stating that the Proxy is revoked;

- submitting another Proxy with a later date over the Internet, by telephone or to our registrar and transfer agent at the address set out above; or
- voting at the Meeting.

Your Proxy will not be revoked if you attend the Meeting but do not vote.

If you own your Shares through a broker or other nominee and wish to change your vote, you must send those instructions to your broker or nominee.

Q: Will my Shares be voted if I do not sign and return my Proxy?

A: If your Shares are registered in your name, they will not be voted unless you submit your Proxy or vote in person at the Meeting. If your Shares are held in street name, your broker/dealer or other nominee will not have the authority to vote your Shares unless you provide instructions. If you do not instruct such broker/dealer or other nominee as to how to vote your Shares, NASDAQ rules allow such nominee to vote your Shares only on routine matters. Proposal 2, the ratification of the selection of the Company's independent registered public accounting firm for fiscal 2018, is the only matter for consideration at the Meeting that NASDAQ rules deem to be routine. For all other proposals, you must submit voting instructions to the nominee that holds your Shares if you want your vote to count.

Q: Who will count the votes?

A: Agents of the Company will tabulate the Proxies. Additionally, votes cast by Shareholders voting in person at the Meeting are tabulated by a person who is appointed by our management before the Meeting.

Q: How many Shares must be present to hold the Meeting?

A: To hold the Meeting and conduct business, at least one-third of the outstanding Shares entitled to vote at the Meeting must be present at the Meeting. This is called a quorum.

Votes are counted as present at the Meeting if a Shareholder either:

- is present and votes in person at the Meeting; or
- has properly submitted a Proxy.

Abstentions and broker non-votes (i.e., Shares held by a broker/dealer or other nominee that are not voted because the broker/dealer or other nominee does not have the authority to vote on a particular matter) will be counted for the purposes of determining the presence of a quorum.

Q: How many votes are required to elect directors?

A: The affirmative vote of a majority of the Shares voted at the Meeting is required to elect our directors. However, our corporate governance guidelines (the “Governance Guidelines”) provide that in uncontested directors’ elections any nominee for director who receives a greater number of votes “Withheld” for his or her election than votes “For” such election (a “Majority Withheld Vote”) will promptly tender his or her resignation as a director to our Governance and Nominating Committee which will, without participation of the director so tendering his or her resignation, consider the resignation offer and recommend to the Board whether to accept it. The Board, without participation by the director so tendering his or her resignation, will act on the Governance and Nominating Committee’s recommendation within 90 days following certification of the Shareholder vote. We will promptly issue a press release disclosing the Board’s decision and, if the Board rejects the resignation offer, its reasons for such decision. We will also promptly disclose this information in a filing with the SEC.

Q: How many votes are required to adopt the other proposals?

A: The ratification of the appointment of PricewaterhouseCoopers LLP and the non-binding approval of the compensation of our executive officers named herein will require the affirmative vote of a majority of the Shares represented at the Meeting and entitled to vote thereon.

Q: What is the effect of withholding votes or “abstaining”?

A: You can withhold your vote for any nominee in the election of directors. Withheld votes will be excluded entirely from the vote and will have no effect on the outcome (other than potentially triggering the director resignation requirements set forth in our Governance Guidelines and as described above). On other proposals, you can “Abstain”. If you abstain, your Shares will be counted as present at the Meeting for purposes of that proposal and your abstention will have the effect of a vote against the proposal.

Q: How are votes counted?

A: You may vote “For” or “Withhold” your vote on the proposal to elect directors. You may vote “For” or “Against” or “Abstain” on the proposals to ratify the selection of our independent registered public accounting firm and approve the compensation of our executive officers named herein. If you withhold or abstain from voting on a proposal, it will have the practical effect of voting against the proposal.

If you sign and return your Proxy without voting instructions, your Shares will be voted in accordance with the Board’s recommendations for the proposals described in this Proxy Statement.

Q: Could other matters be discussed at the Meeting?

A: We do not know of any other matters to be brought before the Meeting other than those referred to in this Proxy Statement. If other matters are properly presented at the Meeting for consideration, the persons named in the Proxy will have the discretion to vote on those matters on your behalf.

Q: Where and when will I be able to find the voting results?

A: You can find the official results of voting at the Meeting in a current report on Form 8-K filed with the SEC within four business days of the Meeting.

PROPOSAL 1 - ELECTION OF DIRECTORS

In accordance with our articles of incorporation and bylaws, each as may be amended from time to time, our Board is authorized to fix the number of the Company's directors at not less than three (3) and not more than thirteen (13) and has fixed the number of directors at nine (9). There is currently a full complement of nine (9) members of the Board. Directors are elected at each annual meeting of Shareholders to hold office until the next annual meeting. The persons identified below are nominated to be elected at the Meeting for the ensuing year. Other than Alan Wallace and Linda J. Welty, all of the nominees are currently directors of the Company previously elected by Shareholders. Despite the expiration of a director's term, the director shall continue to serve until the director's successor is elected and qualified or until there is a decrease in the number of directors. If for any unforeseen reason any of the nominees for director declines or is unable to serve, Proxies will be voted for the election of such other person or persons as shall be designated by the directors. Our Board has no reason to believe that any of the nominees will be unable or will decline to serve, if elected. Proxies received which do not specify a choice for the election of the nominees will be voted "FOR" each of the nominees. Proxies cannot be voted for more than nine (9) persons since that is the total number of nominees.

Set forth below is certain information furnished to us by the director nominees. There are no family relationships among any of our current directors, nominees or executive officers. None of the corporations or other organizations referenced in the biographical information below is a parent, subsidiary or other affiliate of the Company.

We believe that our directors should satisfy a number of qualifications, including demonstrated integrity, a record of personal accomplishments, a commitment to participation in board activities and other traits discussed below in "Our Director Nominations Process". We also endeavor to have a Board representing a range of skills and depth of experience in areas that are relevant to and contribute to the Board's oversight of our operations. The Board believes its current size is appropriate for the size and scope of our business.

We believe that the following nominees represent a desirable mix of backgrounds, skills and experiences. Additionally, we believe that the specific leadership

skills and other experiences of the nominees described below, particularly in the areas of forest products, senior executive leadership, financial accounting/reporting, public company board experience, investment management, capital markets and finance, provide us with the perspectives and judgment necessary to guide our strategies and monitor their execution.

Following the biographical information for each director nominee, we describe the key experience, qualifications and skills our director nominees bring to the Board that, for reasons discussed below, are important in our business. The Board considered these experiences, qualifications and skills and the directors' other qualifications in determining to recommend that the directors be nominated for election:

- ***Forest products and related industry experience.*** We seek directors who have knowledge of and experience in the forest products industry, which is useful in understanding the operations of large manufacturing facilities, fiber procurement, pulp and energy production, wood processing, logistics and sales aspects of our business. Relevant experiences might include, among other things, forest products CEO experience, international experience, other public company board experience and relevant senior-level expertise in one or more of the following areas: timber harvesting, bioenergy, chemicals, forest products, pulp mills, sawmills, capital markets, finance and accounting.
- ***Senior leadership experience.*** We believe that it is important for our directors to have served in senior leadership roles at other organizations, which demonstrates strong abilities to motivate and manage others, to identify and develop leadership qualities in others and to manage organizations.
- ***Public company board experience.*** Directors who have served on other public company boards can offer advice and perspective with respect to board dynamics and operations, oversight and leadership, the relationship between the board and management and other matters, including corporate governance, executive compensation and oversight of strategic, risk-management, operational and compliance-related matters.

- **Capital markets and financial experience.** Directors who have capital markets experience can offer advice and perspective on investor expectations and perspectives, capital raising, financing strategic transactions, including mergers and acquisitions and financial statements and financial reporting matters.
- **International business experience.** We operate internationally and all of our employees are outside the United States and a majority are outside North America. A significant majority of our customers are located in Europe and China. Accordingly, international business experience is desirable for our directors to have.

Majority Withheld Policy in Uncontested Director Elections

In order to provide Shareholders with a meaningful role in the outcome of director elections, our Board has adopted a provision on voting for directors in uncontested elections as part of our Governance Guidelines. In general, this provision provides that any nominee in an uncontested election who receives more votes “Withheld” for his or her election than votes “For” his or her election must promptly tender an offer of resignation following certification of the Shareholder vote to our Governance and Nominating Committee which will, without the participation of any director so tendering his or her resignation, consider the resignation and recommend to the Board whether to accept the resignation offer. The Board, without the participation of any director so tendering his or her resignation, will act on the Governance and Nominating Committee’s recommendation within 90 days following certification of the Shareholder vote. Any such tendered resignation will be evaluated in light of the best overall interests of the Company and its Shareholders. Our Board’s decision will be disclosed in a Form 8-K furnished by the Company to the SEC within four business days of the decision.

If our Board decides to turn down the tendered resignation, or to pursue any additional action (as described above or otherwise), then the Form 8-K will disclose the Board’s reasons for doing so. If each member of the Governance and Nominating Committee receives a Majority Withheld Vote at the same election, then the independent directors who did not receive a Majority Withheld Vote will act as a committee to consider the resignation offers and recommend to the Board whether to accept them.

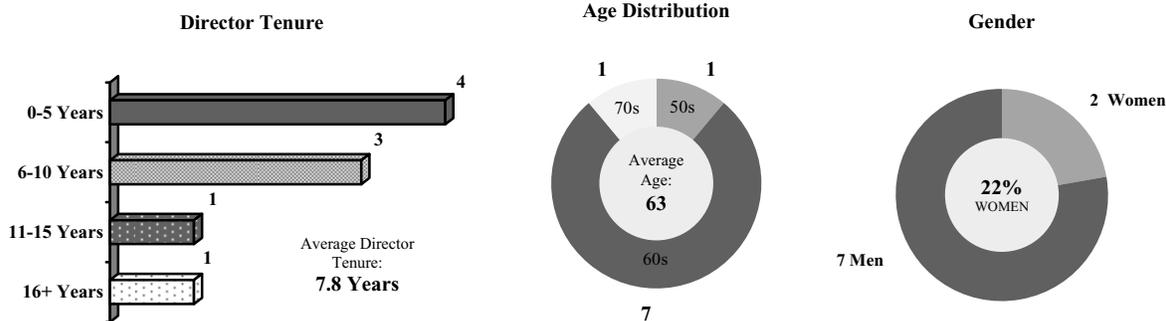

Any director who offers to resign pursuant to this provision will not participate in any actions by either the Governance and Nominating Committee or the Board with respect to accepting or turning down his or her own resignation offer.

The complete terms of this provision are included in our Governance Guidelines which can be found at the “Investors - Governance” link on our website at www.mercerint.com.

The election of directors at the Meeting is an uncontested election.

Board Composition and Tenure

The following table provides summary information about each director nominee. Each director nominee is elected annually by a majority of votes cast.

Board Tenure and Refreshment

Maintaining an appropriate balance of tenure among directors is part of the Board’s consideration. Longer serving directors bring valuable experience and knowledge with respect to our business, industry and strategic and operational challenges.

Newer directors bring, along with their own personal experiences, fresh perspective and ideas.

We believe that directors should not be subject to term or age limits. While term and age limits could facilitate fresh ideas and viewpoints being consistently brought to the Board, we believe they are counter-balanced by the disadvantage of causing the loss of directors who over a period of time have

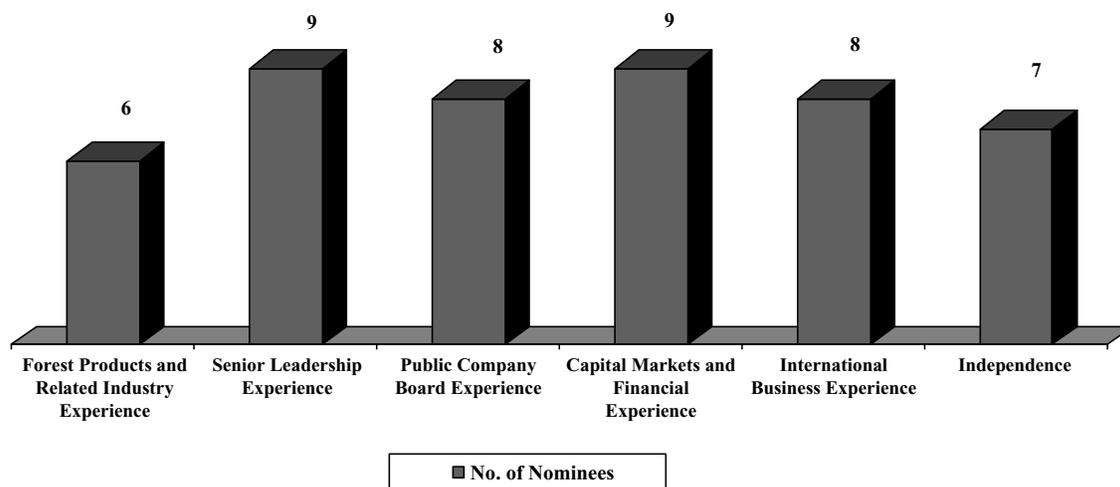

developed insight into our strategies, operations and risks and continue to provide valuable contributions to Board deliberations. We believe that our decision not to establish term or age limits is consistent with the prevailing practice among companies in the S&P 500. We recognize that certain governance stakeholders have suggested that longer-serving directors may have decreased independence and objectivity; however, we believe that arbitrarily removing knowledgeable directors and the oversight consistency they bring – particularly during periods of management change – weighs against strict restrictions on director tenure. Ultimately, it is our Board’s responsibility to establish board refreshment policies, using its discretion in the best interests of the Company and our Shareholders.

Snapshot of Attributes of Director Nominees

All director nominees exhibit the following personal attributes:

- Integrity
- Prepared to represent the best interests of all shareholders
- Diversity
- A proven record of success
- Collegiality
- Prepared to participate actively in board activities

Governance Guidelines, Code of Conduct and Policies

Our Board has adopted Governance Guidelines, which include written charters for each Board committee, our Code of Business Conduct and Ethics and a Securities Law Compliance Policy, all of which are intended to provide a set of guidelines to assist the Board in ensuring that we adhere to proper standards of good governance. Our Board has also adopted a Hedging Transactions Policy, a Whistleblower Policy and an Anti-Corruption Policy.

Such guidelines, codes and policies, which are reviewed regularly and revised as necessary or appropriate in response to changing regulatory requirements and evolving best practices, are available on our website at www.mercerint.com under “Investors - Governance”.

Our Governance Guidelines:

- provide for the duties and responsibilities of the Board, its committees and our officers;
- provide for practices with respect to the holding of regular quarterly and strategic meetings of the Board, including separate meetings of non-employee directors; and
- reserve to the Board specific approval and authority for certain decisions or matters.

Our Code of Business Conduct and Ethics, which applies to our directors and all of our executive officers, is designed to deter wrongdoing and promote:

- honest and ethical conduct;
- avoidance of conflicts of interest;
- full, fair, accurate and timely disclosure in our public filings with the SEC;

- prompt internal reporting of violations of the code; and

Our Securities Law Compliance Policy applies to the handling of our material non-public information or other companies with whom we deal and the buying and selling of our stock and other securities and those of other companies.

Our Hedging Transactions Policy, which applies to our directors and all of our executive officers, is designed to prohibit such individuals from hedging their Mercer stock, including trading in options, puts, calls or other derivative instruments relating to our securities.

Our Whistleblower Policy provides a set of procedures for our employees to report, on a confidential basis, their concerns or complaints about questionable accounting or auditing matters or violations of legal or regulatory requirements and for the Audit Committee to receive and respond to such concerns and complaints.

Our Anti-Corruption Policy is designed to expand upon the provisions of our Code of Business Conduct and Ethics relating to international operations and ensure compliance by us and our directors, officers, employees and agents with the United States Foreign Corrupt Practices Act of 1977 (FCPA) and other applicable anti-corruption laws.

Board Meetings and Attendance

In 2017:

- each current member of the Board attended 100% of all meetings of our Board, other than Ms. Morfitt who was elected to our Board in May 2017 and attended two of four such meetings after becoming a director.
- all of our independent directors attended 100% of our executive sessions for independent directors without management, other than Ms. Morfitt who attended two of three of such meetings after becoming a director; and
- all of our directors attended the annual meeting held in May 2017. (Although we do not have a formal policy with respect to attendance of directors at our annual meetings, all directors are encouraged and expected to attend such meetings, if possible.)

Mr. Lauritzen and Ms. Orr have each decided not to stand for re-election at the Meeting. Our Board has determined to propose Alan Wallace and Linda Welty as director nominees to fill such vacancies. In addition, our Board has determined to appoint Keith Purchase to serve as Lead Director for a three-year term effective June 1, 2018 and as the Chair of our Governance and Nominating Committee.

Affirmative Determination Regarding Director Independence

The NASDAQ listing standards require that a majority of the members of a listed company’s board of directors be independent. Based upon the

NASDAQ rules, our Board has determined that the following seven director nominees are independent and represent 78% of our director nominees:

Board Leadership Structure

Our Board is responsible for overseeing the exercise of corporate power and seeing that our business and affairs are managed to meet our own stated goals and objectives and that the long-term interests of our Shareholders are served.

responsible for the continuing review of the governance structure of the Board, and for recommending to the Board governance structures and practices best suited for our particular situation. This committee determines what leadership structure it deems appropriate, based on factors such as experience of the applicable individuals and the current business environment.

The Governance and Nominating Committee, which is made up entirely of independent directors, is

| Our Board Leadership Structure | Practices |
|---|--|
| <p>Leadership:</p> <ul style="list-style-type: none"> ● Executive Chairman ● Lead Director ● Audit, Compensation and Human Resources and Governance and Nominating Committees led and composed solely by independent directors ● Active engagement by all directors | <p>Our Board leadership structure includes practices such as:</p> <ul style="list-style-type: none"> ● a Lead Director, who provides leadership to our independent directors, assists in establishing agendas for Board and committee meetings and chairs executive sessions of our independent directors; and ● holding regular executive sessions at each Board meeting to allow for the active engagement of independent directors and appropriate oversight of management. |
| <p>The Board believes our leadership structure and practices provide an optimal framework to guide the Company and maintain the focus required to achieve our long-term business goals.</p> | |

Our Board believes that it should maintain flexibility to select our Chairman and its board leadership structure from time to time and our policies do not preclude our CEO from also serving as Chairman of the Board. Our Executive Chairman, Mr. Lee, was formerly our CEO until 2015 when he became Executive Chairman. Our Board believes Mr. Lee serving as Executive Chairman allows the Board to benefit from Mr. Lee’s in-depth knowledge of our business and industry as well as leadership in formulating and implementing strategic initiatives.

In considering its leadership structure, the Board has taken a number of factors into account. In particular, the Governance and Nominating Committee has sought to ensure that independent backgrounds and opinions dominate both the Board and the Board’s committees. Consequently, the Board, which consists

of seven independent directors out of nine, who are highly qualified and experienced, exercises a strong, independent oversight function. This oversight function is enhanced by the fact that all of the Chairs of our Board committees are independent directors, and the Audit Committee, Compensation and Human Resources Committee and Governance and Nominating Committee are composed entirely of independent directors.

Our Board leadership structure and practices, including the appointment of a Lead Director for a three-year term and meetings in executive sessions, support the independence of our non-employee directors. Meetings are also held formally and informally from time to time with our Executive Chairman and Chief Executive Officer for discussion of relevant subjects.

Executive Sessions

Our Board believes it is important to have executive sessions without the Chief Executive Officer, Executive Chairman and other members of management, which are scheduled during every meeting of the Board. Our independent directors have robust and candid discussions at these executive sessions, during which they evaluate the performance of the Chief Executive Officer, Executive Chairman and other senior officers, our governance practices, the reports of our independent registered public accountants, the meetings themselves and any other relevant matter.

During 2017, Mr. Lauritzen was Lead Director and chaired all 7 executive sessions of our independent directors. In 2017, our independent directors determined to have two executive sessions at each meeting of the Board, both before and after such meetings.

Committees of the Board

Our Board currently has four standing committees: the Audit Committee, the Compensation and Human Resources Committee, the Governance and Nominating Committee and the Environmental, Health and Safety Committee. Our committee meetings are generally open to all directors, who often voluntarily attend all committee meetings.

Risk Oversight

The Board oversees the proper safeguarding of the assets of the Company, the maintenance of appropriate financial and other internal controls and our compliance with applicable laws and regulations and proper governance. Inherent in these responsibilities is the Board’s understanding and oversight of the various risks facing us. The Board

does not view risk in isolation. Risks are considered in virtually every business decision and as part of our business strategy. The Board recognizes that it is neither possible nor prudent to eliminate all risk. Indeed, purposeful and appropriate risk-taking is essential for us to be competitive on a global basis and to achieve our long-term strategic objectives.

| Oversight of Risk |
|--|
| <ul style="list-style-type: none"> ● The Board oversees risk management. ● Board committees, which meet regularly and report back to the full Board, play significant roles in carrying out the risk oversight function. ● Management is charged with managing risk, through robust internal processes and effective internal controls. |

Effective risk oversight is an important priority of the Board. The Board has implemented a risk governance framework designed to:

- understand critical risks in our business and strategy;
- allocate responsibilities for risk oversight among the full Board and its committees;
- evaluate our risk management processes and whether they are functioning adequately;
- facilitate open communication between management and directors; and
- foster an appropriate culture of integrity and risk awareness.

While the Board oversees risk management, our management is charged with managing risk. We have robust internal processes and an effective internal control environment which facilitate the identification and management of risks and regular communication with the Board. These include an enterprise risk management program under the leadership of the Chief Financial Officer, regular internal management disclosure committee meetings, Codes of Business Conduct and other policies, strong internal controls and a comprehensive external audit process. The Board and the Audit Committee monitor and oversee the evaluation of the effectiveness of the internal controls and the risk management program. Management communicates routinely with the Board, Board committees and individual directors on the significant risks identified and how they are being managed. Directors are free to, and indeed often do, communicate directly with senior management.

The Board implements its risk oversight function both as a whole and through delegation to Board committees, which meet regularly and report back to the full Board. Board committees assist in carrying out the risk oversight function as follows:

Audit Committee: Oversees risks related to our financial statements, the financial reporting process and accounting and legal matters. The committee oversees the audit function, our ethics programs, including the Code of Business Conduct, our Whistleblower Policy and our quality, safety, environmental assurance and information technology security programs. The committee periodically receives reports on and discusses oversight of our risk management process and reviews significant risks and exposures identified by management or the independent auditors (whether financial, operating or otherwise), and management's steps to address them. In connection with its oversight of these matters, the committee members will regularly meet separately with representatives of the independent auditors.

Compensation and Human Resources Committee: Evaluates the risks and rewards associated with our compensation philosophy and programs. As discussed in more detail in the Compensation Discussion and Analysis herein, the committee reviews and approves compensation programs with features that mitigate risk without diminishing the incentive nature of the compensation. Management discusses with the committee the procedures that have been put in place to identify and mitigate potential risks in compensation. This committee also oversees management development and succession planning across senior management positions.

Environmental, Health and Safety Committee: Oversees our environmental, health and safety policies and environmental compliance programs and associated risks relating thereto. In connection with such oversight, the committee regularly visits and tours our mills and meets with mill-level managers, superintendents and other employees.

Governance and Nominating Committee: Oversees our governance practices, director succession and committee leadership to manage risks associated with corporate governance.

The full Board regularly evaluates and discusses risk, risk mitigation strategies and our internal control environment. Topics examined at this meeting include, but are not limited to, financial risks, political and regulatory risks, legal risks, information technology risks, economic risks and risks related to our productivity and reinvestment efforts. Because overseeing risk is an ongoing process and inherent in our strategic decisions, the Board also discusses risk throughout the year.

We believe that our Board leadership structure, previously discussed herein, supports the risk oversight function of the Board. We have an Executive Chairman, a Chief Executive Officer, a Lead Director and strong directors chair the various committees involved with risk oversight, there is open communication between management and directors and all directors are actively involved in the risk oversight function.

To learn more about risks facing us, you can review the factors included in Part 1, Item 1A. “Risk Factors” in the Form 10-K. The risks described in the Form 10-K are not the only risks facing the Company. Additional risks and uncertainties not currently known or that may currently be deemed to be immaterial also may materially adversely affect the Company’s business, financial condition or results of operations in future periods.

During fiscal 2017, risk areas of particular Board and committee focus included:

- industry supply and demand balances including new pulp capacity and the outlook and potential changes in fiber supply;
- expansion and growth in new and related business growth;
- cybersecurity;
- changes in foreign exchange rates;
- the uncertain global economic environment, including potential issues regarding trade, and its effects on our business;
- Shareholder distributions; and
- our continuing succession planning.

Our Director Nominations Process

Our Board is responsible for approving candidates for Board membership. The Board has delegated the screening and recruitment process to our Governance and Nominating Committee.

Criteria for Directors

Our Board believes that certain criteria should be met by director nominees to ensure effective corporate governance, support our strategies and businesses, account for individual director attributes and the effect of the overall mix of those attributes on the Board’s effectiveness, and support the successful recruitment of qualified candidates for the Board. Qualified candidates are those who, in the judgment of the Governance and Nominating Committee, possess certain personal attributes and a sufficient mix of experience and related attributes to assure effective service on the Board. The personal attributes of director nominees that the Governance and Nominating Committee considers include:

- **Best Interests of All Shareholders.** Each candidate must be prepared to represent the best interests of all Shareholders and not just one particular constituency;
- **Integrity.** Each candidate shall be an individual who has demonstrated integrity and ethics in his or her personal and professional life and has established a record of professional accomplishment in his or her chosen field;
- **Independence.** No candidate, or family member (as defined in NASDAQ rules) or affiliate or associate (as defined in federal securities laws) of a candidate, shall have any material personal, financial or professional interest in any present or potential competitor of the Company;
- **Experience.** Each candidate should possess professional and personal experiences and expertise relevant to our goals of being one of the world’s leading northern bleached softwood kraft pulp producers and a significant producer of dimensional lumber, “green” energy and chemical by-products. Such candidate’s experiences and expertise should also contribute to our pursuit of initiatives to generate additional revenues from the manufacture of by-products, such as chemicals, and the use of innovative cellulose technologies;
- **Active Participation.** Each candidate must be prepared to participate fully in Board activities, including active membership on at least one Board committee and attendance at, and active participation in, meetings of the Board and the committee(s) of which he or she is a member, and

not have other personal or professional commitments that would, in the Governance and Nominating Committee's sole judgment, interfere with or limit his or her ability to do so;

- **Collegiality.** Each candidate should contribute positively to the existing chemistry and collegial culture among Board members; and
- **Diversity.** Each candidate should contribute to the Board's overall diversity – diversity being broadly construed to mean a variety of viewpoints, perspectives, personal and professional experiences and backgrounds, such as nationality, gender and ethnicity differences.

The Board prefers a mix of backgrounds and experiences among its members. The Board does not follow any ratio or formula to determine the appropriate mix. Rather, it uses its judgment to identify and determine nominees whose backgrounds, attributes and experiences, taken as a whole, will contribute to high standards of Board service.

Processes for Identifying Director Candidates

Our Governance and Nominating Committee has two principal methods for identifying potential Board candidates (other than those proposed by Shareholders, as discussed below). First, such Committee solicits ideas for possible candidates from a number of sources, including other members of the Board, senior executives, individuals personally known to Board members and research. Additionally, the Governance and Nominating Committee may, from time to time, use its authority under its charter to retain, at our expense, one or more search firms to identify candidates (and to approve such firms' fees and other retention terms). The Governance and Nominating Committee did not retain a search firm during fiscal 2017.

Our Governance and Nominating Committee will also consider nominees recommended by Shareholders as candidates for Board membership. A Shareholder wishing to nominate a candidate for Board membership should provide written notice to the Governance and Nominating Committee in the care of the Secretary, Mercer International Inc., Suite 1120, 700 West Pender Street, Vancouver, B.C., Canada V6C 1G8. To nominate a candidate for election to the Board at an annual meeting, the notice must be received not less than 120 days before the

first anniversary of the date of the Company's Proxy Statement released to Shareholders in connection with the annual meeting held in the prior year. The notice should contain information about both the nominee and the Shareholder making the nomination, including such information regarding each nominee required to be included in a proxy statement filed pursuant to SEC rules and regulations and such other information sufficient to allow the Governance and Nominating Committee to determine if the candidate meets the criteria for Board membership described above. The Governance and Nominating Committee may require that the proposed nominee furnish additional information to determine that person's eligibility to serve as a director. All recommendations will be brought to the attention of the Governance and Nominating Committee.

Evaluation of Director Candidates

The Governance and Nominating Committee will consider and evaluate all candidates identified through the processes described above, including incumbents and candidates proposed by Shareholders.

If, based upon the Governance and Nominating Committee's initial evaluation, the candidate continues to be of interest, members of the Committee will interview the candidate and communicate their evaluation to the rest of its members and the Executive Chairman and Chief Executive Officer. Additional meetings between the candidate and other members of the Governance and Nominating Committee and the Executive Chairman and Chief Executive Officer may also be arranged. Ultimately, background and reference checks will be conducted by the Governance and Nominating Committee.

As a result of its work and consideration of potential candidates, the Governance and Nominating Committee endeavors to maintain an evergreen list of potential candidates.

Recommendation and Nomination

After consideration, the Governance and Nominating Committee will finalize its list of recommended candidates to the Board for its consideration. Candidates who are then recommended by the Governance and Nominating Committee and

approved by our Board are included in our recommended slate of director nominees in our proxy statement.

With Mr. Lauritzen and Ms. Orr electing not to stand for re-election at the Meeting, the Governance and Nominating Committee reviewed a number of potential candidates and members of the Committee and the CEO met several candidates personally, both formally and socially. Based upon such reviews and meetings, the Committee recommended and the Board unanimously approved the nomination of both Mr. Wallace and Ms. Welty for election to the Board at the upcoming Meeting.

Potential Future Changes to Nomination Process

Our nomination policies are intended to provide a flexible set of guidelines for the effective functioning of our director nomination process. Our Governance and Nominating Committee reviews the nomination policy at least annually to consider and make such modifications as may be required to reflect our then needs and circumstances and to address any changes in applicable legal or listing standards. Our Governance and Nominating Committee may amend the nomination policy at any time, in which case the most current version will be available on our website.

Talent Management and Succession Planning

In light of the importance of executive leadership, we have a succession planning process which is held at least semi-annually. The process encompasses a broad group of managers and executives up to and including the Chief Executive Officer.

Our Compensation and Human Resources Committee, together with our Chief Executive Officer and assisted by our Lead Director, reviews our executive succession planning procedures, including management development activities. We generally strive to appoint our most senior executives from within. To this end, individuals who are identified as having potential for senior executive positions are evaluated by the Compensation and Human Resources Committee. The careers of such persons are monitored to ensure that, over time, they have appropriate exposure to our Board and interact with the Board in various ways, including through participation in certain Board meetings and other Board-related activities and meetings with individual directors, both in connection with director visits to our mills and otherwise. In addition, selected

executives are provided with continuing management education through attendance at senior level educational programs, courses and seminars.

Director Education

New Director Education

Our new director orientation program covers our vision, strategies, risks, financial matters, internal controls, corporate governance practices and policies, succession planning and non-director compensation. As part of such orientation, new directors visit our mills to better understand our operations.

Continuing Education

Our continuing education program consists of regular visits to our operating facilities, meetings and social engagements with our operating personnel, customer visits both in Europe and China and other meetings and visits on topical matters such as at research and development facilities. Most years, select directors, along with management representatives, attend meetings with customers and other market participants in China to broaden their understanding of this key market. We provide updates to our Board on relevant topics at meetings throughout the year. We also provide ongoing education to our directors through participation in the NYSE Board Program. We also reimburse directors who attend education programs and institutions for fees and related expenses.

Director Evaluation

Our Board annually reviews the effectiveness of the Board, its committees and individual directors as part of its ongoing commitment to improve their oversight, guidance and review of senior management.

This evaluation process is conducted by our Governance and Nominating Committee, which conducts an annual evaluation of our Board, Board committees and directors. The evaluation also evaluates our Executive Chairman, CEO and Lead Director. The process is led by the Lead Director, who is also the Chair of the Governance and Nominating Committee. These evaluations help the Board develop priorities, form part of our assessment of the skills and competences needed by the Board to support our strategic objectives, consider potential director nominee candidates and refine our corporate governance practices.

Expectations of our Directors

In assessing our director effectiveness, we consider the following to be key criteria in each individual's performance:

DEDICATION

- Prioritizes our needs
- Commits fully to the accountability and success of our Board
- Seeks to continuously improve and raise the bar

ENGAGEMENT

- Engages fully and makes a meaningful contribution at all meetings

- Considers the input of others and provides thoughtful advice

INTEGRITY

- Works for our greater good
- Demonstrates high ethical standards
- Upholds our values

COURAGE

- Appropriately challenges the status quo
- Can make tough decisions
- Champions change

BUSINESS ACUMEN

- Focuses on the right performance outcomes
- Balances short-, medium- and longer-term objectives
- Exhibits sound judgment and thoughtfully balances trade-offs

STRATEGIC ORIENTATION

- Assesses global opportunities for alignment with our overall strategy

Shareholder Communications with Board

Shareholders who wish to communicate with the Board (other than with respect to a complaint or concern regarding accounting, internal accounting controls or auditing matters which must be directed to the Audit Committee as described below) should send written correspondence to the Board in the care of the Secretary, Mercer International Inc., Suite 1120, 700 West Pender Street, Vancouver, B.C., Canada V6C 1G8. The correspondence should indicate that the person sending the correspondence is a Shareholder and set out the purpose of such communication. The secretary will: (i) forward the correspondence to the director to whom it is addressed or, in the case of correspondence addressed to the Board generally, to the Lead Director; (ii) attempt to handle the inquiry directly where it is a request for information about the Company; or (iii) not forward the correspondence if it is primarily commercial in nature or if it relates to an improper

topic. All such correspondence will be summarized for the Board periodically, and each such correspondence will be made available to any director upon request.

Complaint Procedure

The Audit Committee has established procedures for: (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters; and (ii) the confidential and anonymous submission by the Company's employees and others of concerns regarding questionable accounting or auditing matters. A person wishing to notify the Company of such a complaint or concern should send a written notice thereof, marked "Private & Confidential", to the Chair of the Audit Committee, Mercer International Inc., Suite 1120, 700 West Pender Street, Vancouver, B.C., Canada V6C 1G8.

Shareholding Guideline for Non-Employee Directors

We have a target shareholding guideline in place for our non-employee directors which provides each non-employee director should, within three years of becoming a director, own a minimum number of Shares which is equal in value to three times the amount of their annual cash retainer. As of the Record Date, all of our non-employee directors who have been directors for at least three years as of such date, including our Lead Director, met the guideline amount.

Review and Approval of Related Party Transactions

The Board recognizes that related party transactions can present a heightened risk of potential or actual conflicts of interest and may create the appearance that decisions are based on considerations other than our and our Shareholders' best interests. As a result, the Board prefers to avoid related party transactions. However, the Board recognizes that there are situations where related party transactions may be in, and not inconsistent with, our and our Shareholders' best interests.

As a result, pursuant to our Governance Guidelines and its Charter, the Board has delegated to the Audit Committee responsibility for reviewing and approving the terms and conditions of all proposed transactions between us, any of our officers, directors or Shareholders who beneficially own more than 5% of our outstanding Shares, or relatives or affiliates of any such officers, directors or Shareholders, to ensure that such related party transactions are fair and are in our overall best interest and that of our Shareholders.

In the case of transactions with employees, a portion of the review authority is delegated to supervising employees pursuant to the terms of our Code of Business Conduct and Ethics.

The Audit Committee has not adopted any specific procedures for conduct of reviews and considers each transaction in light of the facts and circumstances. In the course of its review and approval of a transaction, the Audit Committee considers, among other factors it deems appropriate:

- whether the transaction is fair and reasonable to us;
- the business reasons for the transaction;
- whether the transaction would impair the independence of one of our non-employee directors; and
- whether the transaction is material, taking into account the significance of the transaction.

The Audit Committee has the authority to approve a related party transaction if the committee determines that the transaction is on terms that are not inconsistent with our and our Shareholders' best interests.

Any member of the Audit Committee who is a related person with respect to a transaction under review may not participate in the deliberations or vote respecting approval or ratification of the transaction, provided, however, that such director may be counted in determining the presence of a quorum at a meeting of the committee that considers the transaction.

DIRECTORS' COMPENSATION

Directors' Compensation

During the 2017 fiscal year, our non-employee directors received the following cash retainers and grants of restricted stock under the 2010 Stock Incentive Plan (the "2010 Plan"):

(1) 8,585 and 6,010 shares of restricted stock were granted to our lead director and each of our non-employee directors, respectively, following our annual meeting of Shareholders held in 2017 and the restrictions thereon shall lapse on the first anniversary of the grant date, except as otherwise determined by the Compensation and Human Resources Committee. Pursuant to our 2010 Plan, Ms. Morfitt, who was initially elected at such meeting, received 5,000 shares of restricted stock in 2017. The grant date fair value is based on a Share value of \$11.80, being the trading price at the time of grant multiplied by the number of stock awards.

Our lead director and other non-employee directors are annually awarded restricted stock with a grant date fair value of \$100,000 and \$70,000, respectively.

In fiscal 2017, we also reimbursed our directors for expenses incurred in connection with their duties as our directors. Our directors do not receive fees for attendance at meetings of the Board or a committee.

The Compensation and Human Resources Committee is responsible for reviewing annually our director compensation practices in relation to those of our peer group companies. Any changes to be made to our director compensation practices must be recommended by the Compensation and Human Resources Committee for approval by the full Board.

Director Compensation Table

The following table sets forth information regarding compensation paid to our non-employee directors in their capacity as directors during the fiscal year ended December 31, 2017. Neither Mr. Lee, as our Executive Chairman, nor Mr. Gandossi, as our Chief Executive Officer, received any additional compensation for their respective services as directors.

(1) Stock awards granted to non-employee directors consisted of shares of restricted stock. The amounts shown represent the aggregate grant date fair value for shares of restricted stock, as determined under the Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("ASC 718"), excluding any forfeiture adjustments. For a discussion of the valuation assumptions, see Note 9 to our consolidated financial statements included in the 2017 Annual Report.

- (2) The grant date fair value is based on a Share value of \$11.80 per Share, being the trading price at the time of grant, multiplied by stock awards of 6,010 shares (5,000 shares in the case of Ms. Morfitt) of restricted stock which were granted to each of our non-employee directors, or 8,585 shares of restricted stock to our Lead Director, after our annual meeting of Shareholders held in 2017, provided that such non-employee director was either elected to the Board for the first time at such annual meeting or not elected to the Board for the first time at the 2017 annual meeting but will continue to serve as a member of the Board after the meeting and has been a director for at least six months.
- (3) Mr. Witts did not stand for reelection at our annual meeting in 2017.

REPORT OF THE AUDIT COMMITTEE

Our Audit Committee monitors and oversees our financial reporting process on behalf of our Board. Management has primary responsibility for our financial statements and the financial reporting process, including the Company's system of internal controls.

The Audit Committee has met and held discussions with management and our independent registered public accounting firm, PricewaterhouseCoopers LLP, regarding the fair and complete presentation of our results and the assessment of our internal control over financial reporting. The Audit Committee has discussed significant accounting policies we applied in our financial statements, as well as alternative treatments. Management represented to the Audit Committee that our consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and PricewaterhouseCoopers LLP. The Audit Committee discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1 AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

In addition, the Audit Committee has discussed with PricewaterhouseCoopers LLP the registered public accounting firm's independence from the Company and its management, including the matters in the

written disclosures required by Independence Standards Board Standard No. 1. The Audit Committee also has considered whether PricewaterhouseCoopers LLP's provision of non-audit services to the Company is compatible with the registered public accounting firm's independence. The Audit Committee has concluded that PricewaterhouseCoopers LLP is independent from the Company and its management.

The Audit Committee discussed with PricewaterhouseCoopers LLP the overall scope and plans for their respective audits. The Audit Committee met with PricewaterhouseCoopers LLP, with and without management present, to discuss the results of their examinations, the evaluations of our internal controls, and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board approved, that the audited financial statements be included in the Form 10-K for filing with the SEC.

The Audit Committee has selected and appointed, and the Board has ratified, PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm.

COMPENSATION AND HUMAN RESOURCES COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Compensation and Human Resources Committee is a current or former employee of the Company or has had any relationship requiring disclosure by the Company under the SEC's rules requiring disclosure of certain relationships and related party transactions. None of our current executive officers has ever served as a

INDEPENDENT COMPENSATION CONSULTANTS

The Compensation and Human Resources Committee has the authority to engage independent compensation consultants. It has in the past and may in the future engage an outside consultant to assist the Committee in assessing the Company's executive compensation programs. In 2017, in connection with its review of executive compensation, the Committee engaged Willis Towers Watson ("WTW") as its compensation consultant. WTW was paid a fee of \$33,531 for such consultation.

In furtherance of maintaining the independence of the committee's compensation consultants, the committee has sole authority to retain, terminate and obtain the advice of any selected consultant. Additionally, the committee's consultant will not

perform any services for management unless approved by the committee.

In 2017, WTW provided ongoing annual services in connection with the salaried pension plan for our Celgar mill and was paid \$251,083 for such services. Such services are ongoing until terminated by us and have been provided by WTW for several years.

Based on the policies and procedures implemented by the Committee and by WTW to ensure the objectivity of WTW's executive compensation consulting services, the Committee believes that the consulting advice it received from WTW is objective and not influenced by WTW's other relationships with us.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis provides information on our executive compensation programs. It discusses considerations and reasons driving the Compensation and Human Resources Committee's decisions on compensation for our NEOs in 2017, as well as the key objectives, policies, elements and designs of our executive compensation program. In this discussion "Committee" or "Compensation Committee" means the Compensation and Human Resources Committee.

Named Executive Officers (NEOs)

- Jimmy S.H. Lee, Executive Chairman and Director
- David M. Gandossi, President, Chief Executive Officer and Director;
- David K. Ure, Chief Financial Officer and Secretary;
- Wolfram Ridder, Vice President of Business Development; and
- Leonhard Nossol, Group Controller for Europe.

Foreign Currency Compensation

All of the cash compensation, being primarily salary and annual bonuses, for our NEOs is paid in either euros (as to Messrs. Lee, Nossol and Ridder) or Canadian dollars (as to Messrs. Gandossi and Ure). Such amounts are then translated into dollars using the average Federal Reserve Bank of New York spot rate for the appropriate period. As a result, reported compensation amounts decline in periods when the dollar strengthens against the euro and Canadian dollar and conversely increase when the dollar declines versus such currencies.

Amounts reported in the "Executive Compensation Tables" are in dollars.

Timing of Executive Compensation Decisions

Our executive variable compensation decisions are generally made after the end of our fiscal year and when our financial statements for such year are finalized. Thus, in February 2018, the Committee approved bonuses and awards for fiscal 2017, together with fixed base salaries for 2018. During each year, the Committee monitors performance and evaluates comparison group compensation data which it uses to finalize awards and decisions made after the fiscal year end.

In this regard, it is important to note that the Summary Compensation Table appearing on page 48 and the Grants of Plan-Based Awards Table appearing on page 51 only reflect plan-based awards actually issued in fiscal 2018, which were based on fiscal 2017 performance.

Fiscal 2017 - Compensation Decisions

In 2017, we had very strong operating and financial performance, achieved record pulp, energy and chemical production and sales volumes, expanded our business and increased our quarterly cash dividend.

In fiscal 2017, we:

- generated net income of \$70.5 million and Operating EBITDA of \$252.3 million, a 102% and 36% increase, respectively, over the prior year;
- strengthened our balance sheet and increased our cash position to \$143.3 million from \$136.6 million and our working capital to \$421.9 million from \$308.7 million, respectively, from the start of the year;
- acquired, in April 2017, the Friesau Facility, one of Germany's largest sawmills and a bio-mass power plant;
- reduced debt service costs and increased our financial flexibility through the issuance of \$300 million of 5.5% senior notes due 2026 and, in January 2018, the redemption of \$300 million of our 7.75% senior notes due 2022; and
- authorized three quarterly cash dividends of \$0.115 per share for the first three quarters of 2017 and an increased dividend of \$0.125 per share for the fourth quarter of 2017.

The table below summarizes our selected key financial and operating results for 2017 compared to 2016.

(1) Represents the closing market price of our shares of common stock on the NASDAQ Global Select Market on December 29, 2017 and December 30, 2016, respectively.

In accordance with our emphasis on pay for performance, fiscal 2017 compensation awarded to our NEOs reflected our overall strong operating and financial performance, improvements to liquidity and our balance sheet, expansion of our business and initiatives to improve our business through cost reduction measures and new capital projects. In making decisions on performance-based compensation for fiscal 2017, the Committee also weighed and considered our generally favorable performance against our Peer Group Companies (as

hereinafter defined), the increase in our share price in 2017 compared to 2016 and the return of capital to shareholders pursuant to our regular quarterly dividends.

The Committee does not rely upon any predetermined formulas or limited set of criteria when it evaluates the performance of our NEOs, but rather focuses on individual objectives and their effects in respect of our overall goals.

Salaries. In February 2018, the Committee adjusted the salaries of our NEOs for 2018 as follows:

| Name | 2018 Base Salary | 2017 Base Salary | (%) Increase |
|-------------------|------------------|------------------|--------------|
| Jimmy S.H. Lee | \$ 523,788 | \$ 523,788 | - |
| David M. Gandossi | \$ 610,655 | \$ 511,437 | 19.4 |
| David K. Ure | \$ 351,767 | \$ 340,529 | 3.3 |
| Wolfram Ridder | \$ 364,293 | \$ 355,407 | 2.5 |
| Leonhard Nossol | \$ 327,342 | \$ 319,358 | 2.5 |

Short-Term Annual Cash Bonuses. In making its compensation decisions regarding annual bonuses for our NEOs in respect of their fiscal 2017 performance, the Committee reviewed and considered:

- our financial performance (including Operating EBITDA, net income and Share price) relative to prior performance, budgeted forecasts and to Peer Group Companies;
- new strategic initiatives and capital projects to improve efficiency, reduce costs and improve our operations and our expansion into the lumber industry; and
- each NEO's achievement of their individual and our overall 2017 performance objectives.

Executive Chairman and Chief Executive Officer Performances. The Committee evaluated both Messrs. Lee's and Gandossi's achievement of their

2017 performance objectives and leadership roles and guidance in, among other things:

- improving mill operations and efficiencies and strong operating performance generated \$252.3 million in Operating EBITDA and \$70.5 million in net income;
- continuing to lead and drive our focus on strategic initiatives, including expanding our business into the lumber industry through the acquisition of the Friesau Facility and those related to growth opportunities to expand our businesses in areas such as sawmilling, wood processing and harvesting activities and bio-energy generation;
- increasing liquidity and improving our balance sheet; and
- a continued focus on strong safety and environmental performance.

Based upon the foregoing performance review of our NEOs, the Committee awarded short-term annual cash bonuses for fiscal 2017, as set forth in the following table:

| Name | Cash Bonus ⁽¹⁾⁽²⁾ | Percentage of 2017 Base Salary |
|-------------------|------------------------------|--------------------------------|
| Jimmy S.H. Lee | \$ 480,280 | 92% |
| David M. Gandossi | \$ 385,505 | 75% |
| David K. Ure | \$ 302,236 | 87% |
| Wolfram Ridder | \$ 92,666 | 26% |
| Leonhard Nossol | \$ 83,625 | 26% |

(1) Awarded in February 2018 in respect of fiscal 2017.

(2) For awards declared in February 2017 in respect of fiscal 2016, see the Summary Compensation Table on page 48 of this Proxy Statement.

In local currency terms, the bonuses paid to our NEOs for each of the last two years and the percentage changes were as follows:

| Name | 2017 Cash Bonus (Local Currency) | 2016 Cash Bonus (Local Currency) | Change from 2016 to 2017 (%) |
|-------------------|----------------------------------|----------------------------------|------------------------------|
| Jimmy S.H. Lee | € 425,000 | € 425,000 | - |
| David M. Gandossi | C\$ 500,000 | C\$ 485,000 | 3 |
| David K. Ure | C\$ 392,000 | C\$ 135,000 | 190 |
| Wolfram Ridder | € 82,000 | € 75,000 | 9 |
| Leonhard Nossol | € 74,000 | € 61,000 | 21 |

The bonuses paid to our NEOs in respect of fiscal 2017 reflect the Committee's assessment of the individual and overall Company factors discussed above for such fiscal year. In respect of Mr. Ure, it also included the Committee's re-assessment of his bonuses for prior years.

Incentive Equity Grants or Awards. Our 2010 Plan allows the Committee to grant equity awards to our NEOs in the form of options, stock appreciation rights, restricted stock, restricted stock rights, performance shares and performance share units.

In 2014, the Committee implemented a long-term incentive compensation program (the "LTIP") which primarily provided for the granting of "performance stock units", or "PSUs", for our executives, including our NEOs.

Our PSUs vest after a three-year period and, as such, are designed to reward sustained performance over the period, rather than over a single year.

We grant our executives long-term performance based compensation, primarily in the form of PSUs. We believe PSUs incentivize executives to drive long-term performance, thereby aligning our

executives' interests with the long-term interest of Shareholders.

Although the value of PSUs is impacted by our Share price during the vesting period, PSUs serve to retain executives as they are generally perceived by the recipients as being more valuable than stock options.

Pursuant to the LTIP, we make annual grants of PSUs to our executives that vest based on the Committee's assessment of the achievement of certain prescribed three-year performance criteria (the "Performance Criteria") comprised of:

- "Absolute Return on Average Assets";
- "Total Shareholder Return"; and
- "New Business Initiatives".

Each element is weighted equally. To incentivize performance, each component of Performance Criteria has a sliding scale so that an executive can achieve from 0% to 200% of the target award amount. See "Narrative Disclosure to Grants of Plan-Based Awards Table" on page 51 for a discussion of such Performance Criteria.

The Committee assesses such Performance Criteria based upon the audited financial statements of a completed three year performance period.

The Committee believes that: (i) having a multi-year performance period increases executive focus on long-term performance and better aligns the interests of our executives with our Shareholders; and (ii) the three components of Performance Criteria are important measures of our overall business performance.

The annual granting of PSUs ensures the continuity of these incentives, as the performance periods of PSUs granted in different years overlap and expired or vested awards are “replaced” each year with new grants. Each PSU is equivalent to one Share. As a result, the number of PSUs issued to executives was 200% of the target level, being the maximum amount of Shares that our executives may earn.

2017 PSU Grant

In 2017, the Committee issued an aggregate of 542,788 PSUs (the “2017 PSUs”) to our executives which are eligible to vest over a three-year performance period ending on December 31, 2019.

The following table sets forth the target level and number of 2017 PSUs awarded to our NEOs in 2017:

| Name | Target Level for 2017 PSUs ⁽¹⁾⁽²⁾ | Target Level as a Percentage of 2017 Base Salary ⁽¹⁾ | Maximum 2017 PSUs ⁽¹⁾⁽²⁾ | Maximum 2017 PSUs as a Percentage of 2017 Base Salary ⁽¹⁾ |
|-------------------|--|---|-------------------------------------|--|
| Jimmy S.H. Lee | 40,885 | 100 | 81,770 | 200 |
| David M. Gandossi | 42,592 | 100 | 85,184 | 200 |
| David K. Ure | 19,166 | 67 | 38,332 | 134 |
| Wolfram Ridder | 13,871 | 50 | 27,742 | 100 |
| Leonard Nossol | 12,464 | 50 | 24,928 | 100 |

(1) Each 2017 PSU awarded on February 23, 2017 was valued at \$12.00, which was the closing market price of the Shares on the date of the award.

(2) These awards are eligible to vest after December 31, 2019, based upon the Performance Criteria.

Vesting of 2015 PSUs

The three-year performance period for 436,420 PSUs (the “2015 PSUs”) awarded by the committee in 2014 to our executives, including our NEOs, ended on December 31, 2017.

In February 2018, the Board, based on the recommendation of the Committee, approved the vesting and awarding of 153,243 Shares to our executives (including our NEOs) pursuant to the 2015 PSUs. This vesting represents the Committee’s assessment of achievement against the three Performance Criteria as follows:

| Component | Achievement to Target |
|-----------------------------------|-----------------------|
| Absolute Return on Average Assets | 96% |
| Total Shareholder Return | 55% |
| New Business Initiatives | 70% |

The vesting on a weighted basis was equal to 74% of the potential share award within a range of 0% to 200%.

Compensation Framework and Components

Our compensation framework for our NEOs is principally performance-based to support our overall business objectives and increase long-term Shareholder value. Our executive compensation program provides that a significant percentage of compensation awarded to our NEOs, especially our Executive Chairman and CEO, be variable, performance-based compensation and “at risk”.

We believe that it is appropriate for certain components of compensation to decline during periods of economic stress, reduced Operating EBITDA and earnings and significantly lower Share prices and to increase during periods of increased Operating EBITDA and earnings and higher Share prices.

Our executive compensation program is designed to achieve the following key objectives using the following principles:

| Compensation Objectives | Compensation Principles |
|--|--|
| <ul style="list-style-type: none"> ● Attract and retain top talent by competing effectively for high quality individuals whose efforts and judgments are vital to our continued success. ● Create an environment in which our executives are motivated to achieve and maintain superior performance levels and goals consistent with our overall business strategy. ● Reward and compensate our executives for their contribution to our overall success and for their individual performance during the relevant fiscal year. ● Align the interests of our executives with the long-term interests of our Shareholders. | <ul style="list-style-type: none"> ● <i>Market Competitiveness.</i> Total compensation levels should be competitive and at market median with other comparable companies operating within the forest products industry and other companies with which the Company competes for executive talent. ● <i>At Risk Incentive Pay.</i> A greater percentage of compensation for senior management should be tied to performance against measurable objectives, the majority of which are directly tied to our performance, to achieve payouts. ● <i>Pay-for-Performance.</i> Compensation should be linked to both individual and overall Company performance. ● <i>Shareholder Alignment.</i> Rewards should be linked to the creation of long-term Shareholder value through the use of equity-based awards as a meaningful portion of our executives' compensation. ● <i>Flexible Short-Term and Long-Term Incentives.</i> Fixed and variable and short and long-term compensation programs should be balanced to reinforce a performance-based culture. ● <i>Simple Pay Programs.</i> Overall compensation simplicity should be maintained to ensure broad employee understanding and acceptance and control costs. ● <i>Clear Communication.</i> Compensation should clearly communicate the desired behavior and use incentive pay programs to reward the achievement of performance goals by executives. |

Compensation Mix

We seek to accomplish our executive compensation objectives through an appropriate mix of short-term and long-term compensation, by providing a larger percentage of our executive officers' total compensation opportunity in the form of equity compensation and by ensuring that a significant portion of our executive officers' total pay opportunity is in the form of performance-based or at risk compensation.

In general, employees with more ability to directly influence overall business performance have a greater portion of:

- variable, performance-based pay at risk; and

- overall compensation provided through long-term incentives and equity incentive programs.

Fixed vs. Performance-based Compensation. We believe our mix of fixed (primarily base salary) and a significant weighting of performance-based compensation (primarily annual cash incentive bonuses and PSUs), supports our overall pay-for-performance culture and drives superior business performance. The percentage of an executive's compensation opportunity that is performance-based, versus fixed, is based primarily on the employee's role.

Short-term vs. Long-term Compensation. We believe our total compensation mix of short-term (primarily base salary and annual cash incentive bonuses) along

with long-term (primarily PSUs) incentives, encourages focus on both long-term strategic objectives and shorter-term business objectives without excessive risk.

total compensation opportunity coming through equity incentive grants, closely aligns the interests of our executive officers with those of our shareholders.

Cash vs. Equity Compensation. We believe our mix of cash (base salary and annual cash incentive bonuses) and equity (primarily PSUs) compensation, with a significant portion of each executive officer's

Compensation Components. To achieve our objectives, we use a mix of four compensation components, being base salary, annual incentive bonuses, long-term equity incentives and other perquisites intended to be competitive in the market.

The following tables provide information regarding the components of our overall compensation of our NEOs.

| Base Salary | |
|--------------------------------|---|
| <p>Form</p> <p>Cash</p> | <p>Objectives and Basis</p> <ul style="list-style-type: none"> ● Attract and retain high quality executives to drive our success. ● Provide base compensation for day-to-day performance. ● Based primarily upon job responsibilities, level of experience and skill as well as performance compared with annually established financial or individual objectives. ● Consideration given to impact an NEO is expected to make to our business in the future. ● Targeted within the median range of our Peer Group Companies and consideration given to the markets in which we operate. ● Provide a consistent cash flow to employees assuming acceptable levels of performance. ● Committee normally considers salary adjustments for executive officers annually in the first quarter of the year. ● Increases in salaries generally are based on the market level salary for the role an executive serves, overall budgets and specific talent needs. Small periodic adjustments to reflect cost of living increases. |

| <p>Form</p> <p>Cash</p> | <p>Objectives and Basis</p> <ul style="list-style-type: none"> ● Motivate performance of NEOs in meeting our current year's business goals and encourage superior performance. ● Based on the expectations of the Board and management for our financial and operating performance in a particular period and the contribution of an NEO in achieving the Company's goals as well as the individual goals which are established for each NEO based upon such NEO's position and responsibility. ● Measure our NEOs' performance in achieving the Company's financial, strategic and other goals as benchmarked against the Company's business plan for the forthcoming year. ● Consideration of the contribution of an NEO to our business and operations generally. ● Bonuses awarded on a "discretionary basis" without a predetermined formula or specific weighting for any particular factor. ● Consideration of recommendations by our Chief Executive Officer for bonuses to be paid to our NEOs other than our Executive Chairman and Chief Executive Officer. |

We define “fair market value” as the closing market price of our Shares quoted on NASDAQ on the date of grant. ● Incentive grants reviewed on an annual basis as part of the Committee’s analysis of total compensation and the balance between the different elements thereof. |

Depending on the retirement program, amounts in excess of those allowed by tax authorities are recorded in unfunded accounts or remitted to an investment account with a third party fund until retirement or termination. ● In lieu of other benefits such as automobile, medical, pension and retirement programs, our Executive Chairman receives a lump sum living allowance of €75,000 (approximately \$84,755) per annum in recognition of his significant travel schedule pursuant to the terms of his employment agreement. No specific allocation is made in connection with the living allowance for any particular perquisite. |

Administration, Procedure and Role of the Compensation Committee

The Committee, which is comprised entirely of independent directors, determines our compensation objectives, philosophy and forms of compensation and benefits for executive officers. The Committee submits key compensation elements for our executive officers to the independent members of the Board for their review and approval. Executive compensation decisions are generally made by the Committee after

our fiscal year end and when our financial statements for such year are finalized.

The Committee continually reviews and considers best practices in executive compensation, Shareholder expectations and compensation practices of “peer group” companies in making its decisions regarding appropriate compensation levels.

Individual Officer Performance Evaluations. In making compensation decisions, the Committee annually evaluates the performance and individual accomplishments of our Chief Executive Officer and our other NEOs. Such evaluation is a subjective analysis conducted, in part, with reference to the performance measures discussed herein and partly against each NEO's annual performance goals which were previously provided to and accepted by the Committee. The Committee also meets and reviews with our Chief Executive Officer his evaluation of the performance of each of the other NEOs (other than the Executive Chairman).

Management's Role in the Executive Compensation Process. With the exception of our Chief Executive Officer, our NEOs do not play a role in evaluating or determining executive compensation programs or levels. Our Chief Executive Officer annually submits for consideration to the Committee performance evaluations for our other NEOs (other than the Executive Chairman) and recommendations as to their compensation levels, including salaries and bonuses. These recommendations are both subjective determinations and objective recommendations based upon performance against their annual performance goals. Such recommendations are also consistent with our compensation objectives. The Committee approves each NEO's compensation in an executive session of the independent directors without management present.

The Committee did not request, and management did not provide, specific recommendations for fiscal 2017 compensation for our Executive Chairman or CEO. In accordance with NASDAQ rules, neither our Executive Chairman nor our CEO were present when their compensation was being discussed or approved, did not vote on executive compensation matters and neither they nor other members of management attended executive sessions of the Committee.

In making its compensation decisions the Committee considered, among other information, our overall financial results and operating performance metrics provided by our Chief Financial Officer which includes revenues, total mill production and sales, energy generation and sales, mill margins, commission and selling expenses, Operating EBITDA and net income measured against both budgets and our competitors. In addition, senior executives provide certain mill performance metrics

relating to our operations, including environmental performance and health and safety measures and how they measure to budget, prescribed requirements and to those of some of our competitors.

Geographic Considerations. As our operations are located in Europe and Canada, we also consider local market demands, availability of qualified management and the local cost of living.

Peer Group Companies and Benchmarking. The Committee reviews executive compensation levels and programs at least annually at certain "peer group" companies. In fiscal 2017, such peer group companies were principally comprised of "small cap" and "mid-cap" North American forest and paper products companies (companies with equity capitalization ranging between \$150 million and \$5 billion).

In 2017, using information provided by its independent compensation consultant, WTW, and public filings, the Committee utilized for benchmarking or comparables the following companies:

- Canfor Corporation;
- Cascades Inc.;
- Clearwater Paper Corporation;
- Interfor Corporation;
- Domtar Corporation;
- Neenah, Inc.;
- Orchids Paper Products Company;
- P.H. Glatfelter Company;
- Resolute Forest Products Inc.;
- Schweitzer-Mauduit International, Inc.;
- Tembec Inc.; and
- West Fraser Timber Co. Ltd.,

(collectively the "Peer Group Companies").

For fiscal 2017, the Committee, with the assistance of and information from its independent compensation consultant, WTW, reviewed and considered our:

- total direct compensation for our NEOs (primarily base salaries);
- short-term incentives (primarily annual cash incentive bonuses);
- long-term incentives (primarily DSUs); and
- perquisites,

relative to that of the Peer Group Companies.

The Committee, with the assistance of WTW, reviewed the performance of the Peer Group Companies because their businesses and size made them comparable to us and to ensure that our compensation levels are within the range of comparative norms. Additionally, the Committee, with the assistance of WTW, reviewed the compensation of senior executives in a broad swath of companies of equivalent size and activity in Canada and Northern Europe.

We generally target salaries, bonuses and incentive compensation towards a median level or 50th percentile range on a size and geographic adjusted basis relative to peer companies for similar experienced executives performing similar duties. Generally, awards are made within this range, although our program is flexible enough to allow the Committee to provide compensation above or below the 50th percentile in cases of exceptional individual performance or other individual factors relating to an NEO's performance. We benchmark against median compensation because it allows us to attract and retain executives, provides an incentive for executives to strive for better than average performance to earn better than average compensation and helps us to manage the overall cost of our compensation program.

While the Committee believes it is important to periodically review benchmarking data to determine how our executive compensation program compares to the programs used by our Peer Group Companies, such reference points are only one element it uses in structuring our executive compensation program.

Total Compensation. At least annually, the Committee reviews total compensation levels for our NEOs, including each element of compensation provided to and its proportion of total compensation. In determining the appropriate target total compensation for each NEO, the committee reviews each individual separately and considers a variety of factors in establishing his or her target compensation.

These factors may include the NEO's time in position, unique contribution or value to our recent performance, geographic location and market practices and whether there is a particular need to strengthen the retention aspects of the NEO's compensation. In its review of total compensation, the Committee also considers benchmarking information with respect to our Peer Group Companies.

The Committee has no predetermined specific policies on the percentage of total compensation that should be "cash" versus "equity" or "short-term" versus "long-term". The Committee's practice is to consider peer company data and these relationships in the context of our compensation philosophy to determine the overall balance and reasonableness of our NEOs' total compensation packages.

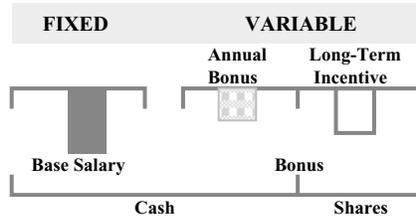

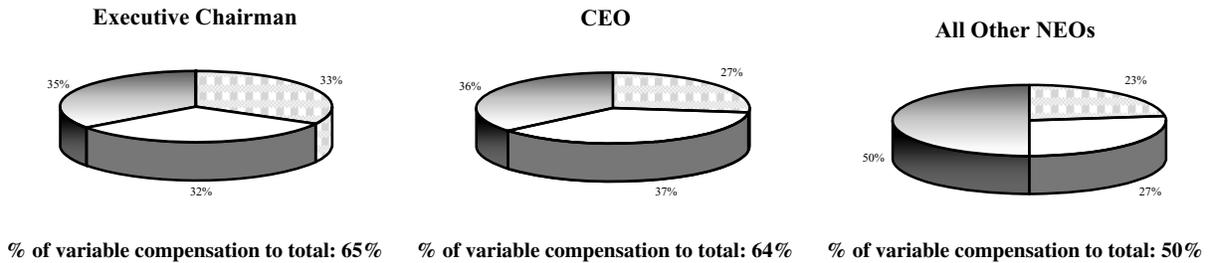

VARIABLE PAY AT RISK

Our executive compensation program provides that a significant percentage of compensation awarded to our NEOs, especially our Executive Chairman and CEO, is variable, performance-based compensation and "at risk". The percentage of our executives' compensation opportunity that is variable or at risk versus fixed is based primarily upon the executive's role and, to a lesser extent, geographic location. Generally, executives with more ability to directly influence overall performance have a greater portion of pay at risk through both short- and long-term incentive programs. Further, as a result of local market practices and customs, our North American executives generally have a greater portion of their

compensation at risk, including the opportunity to earn greater rewards, than our European-based executives.

The graph below shows the balance of the elements that comprised total direct compensation for our Executive Chairman, Chief Executive Officer and our other NEOs, as a group, paid in 2017, including the percentage of variable compensation. The percentage of variable compensation listed below each chart is calculated by dividing (i) the value of variable compensation by (ii) the amount of total direct compensation, which includes variable compensation plus fiscal 2017 base salary.

Fiscal 2017 Total Direct Compensation Paid

Post-Retirement Compensation

We provide retirement benefits to our NEOs (other than our Executive Chairman) through our North American and European retirement programs.

The North American program is a defined contribution type structure whereby a contribution of 10% of base salary, along with 5% of any cash bonus paid, is remitted to an investment account held in the name of the employee on a tax deferred basis. To the extent that the contributions exceed limits established by tax legislation, the amount that exceeds the limit is credited to an unfunded account. Our Chief Executive Officer and Chief Financial Officer are the only NEOs participating in the North American program.

The European program is a defined contribution type structure whereby we make contributions to a German government regulated pension plan in an amount equal to 10% of a combined total of each participating German executive officer's gross salary and half of such executive's cash bonus payments. To the extent that the contributions exceed limits established by tax statute, the amount that exceeds the limit is paid to a fund managed by a third party where it is held on the employee's behalf. Messrs. Ridder and Nossol are the NEOs participating in the European program.

Performance Measures

As part of the annual performance evaluations it conducts for our NEOs for fiscal 2017, the Committee, among other things, considers the following performance measures:

- *Operating EBITDA* – We consider Operating EBITDA to be a meaningful supplement to operating income as a performance measure primarily because depreciation expense and non-recurring capital asset management changes are not an actual cost, and depreciation expense varies widely from company to company in a manner we consider largely independent of the underlying cost efficiency of their operating facilities. This measure includes Operating EBITDA per tonne of NBSK pulp as compared to applicable Peer Group Companies;
- *Performance Criteria* – Our NEOs' performance in respect of the Performance Criteria comprising: Absolute Return on Average Assets, Total Shareholder Return and the contribution of our NEOs to the successful undertaking of New Business Initiatives;
- *Major Transactions* – The completion of major transactions such as material acquisitions or financing related transactions;

- *Operating, Environmental and Health and Safety Performance* – The operating performance of our mills, including pulp and energy production, environmental and health and safety performance and operating costs, and the contributions of our NEOs in achieving these targets; and
- *Individual Goals* – Our NEOs’ progress on meeting pre-set and approved individual goals for the fiscal year.

The above performance measures are evaluated based on the overall judgment of the Committee without giving fixed or specific weighting to any particular measure with respect to salaries, perquisites and annual cash bonuses. With respect to the vesting of PSUs and awards of shares thereunder pursuant to our LTIP, the Performance Criteria is equally weighted as to each component thereof.

Risk Considerations. We have designed our total direct compensation (base salary, annual incentive bonus, long-term equity incentive compensation and perquisites) to encourage our executives to take appropriate risks to improve our performance and enhance long-term Shareholder value. We believe that the design and objectives of our executive compensation program provides an appropriate balance of incentives for executives and avoids inappropriate risks. In this regard, our executive compensation program includes, among other things, the following design features:

- a balanced mix of fixed versus variable compensation and cash-based versus equity-based compensation;
- variable compensation based on a variety of performance goals, including overall corporate and individual performance goals;
- Compensation Committee discretion to lower annual incentive award amounts;
- a balanced mix of short-term and long-term incentives;
- performance and time-based vesting requirements for long-term performance awards such as our PSUs;
- a prohibition on hedging and pledging Company stock; and
- clawback provisions for performance and variable pay.

Management and the Committee have considered and assessed our compensation objectives, philosophy, and forms of compensation for our executives to determine whether the risks arising from such policies or practices are reasonably likely to have a material adverse effect on us. Based upon such review, we have determined that our compensation practices and policies do not create risks that are reasonably likely to have a material adverse effect on us.

Internal Pay Equity. The Committee considers internal pay equity, among other factors, when making compensation decisions. However, the Committee does not use a fixed ratio or formula when comparing compensation among executive officers. Our Chief Executive Officer is compensated at a higher level than other executive officers due to his significantly higher level of responsibility and accountability. Our Executive Chairman is also compensated at a higher level than our other NEOs due to his leadership role, focus on strategy and experience. Both our CEO and Executive Chairman generally receive more of their pay in the form of long-term incentive equity compensation and at risk compensation relative to the other NEOs. As a result of our CEO’s responsibility for our overall performance, the Committee and our independent directors believe that compensating the CEO at a higher level than other executives and weighting the CEO’s total compensation more heavily towards long-term equity incentive compensation and at risk compensation is consistent with our compensation objectives, market practices and appropriately reflects his contribution.

We believe the fiscal 2017 target total direct compensation for the NEOs other than the CEO in relation to the compensation targeted for the CEO and to one another was reasonable and appropriate given each such executive’s responsibilities and our financial and operating performance for the year. The differences in compensation among our NEOs relative to each other and our CEO are based on market differences for the particular job, job responsibilities and scope, professional experience, geographic compensation practices and adjustments for individual performance.

Change of Control and Severance Agreements

A number of the employment agreements we have entered into with our NEOs provide for specified payments and other benefits in the event of a change of control. Such change of control provisions are described in greater detail under “Employment Agreements with our Named Executive Officers” beginning on page 49 and under “Potential Payments upon Termination or Change of Control” beginning on page 55 of this Proxy Statement. The purpose of the change of control agreements is to encourage key management personnel to remain with us and to help avoid distractions and conflicts of interest in the event of a potential or actual change of control so that the executives will focus on a fair and impartial review of any proposal on the maximization of value. We believe that we have structured agreements to be reasonable and to provide a temporary level of protection to our NEOs in the event of employment loss due to a change of control. In addition, our 2010 Plan provides that upon the termination of employment of any NEO within 12 months of a change in control, each outstanding option and stock appreciation right held by such NEO shall automatically become fully and immediately vested and exercisable, each share of restricted stock or restricted stock right shall become fully and immediately vested and all forfeiture and transfer restrictions thereon shall lapse, and each outstanding performance share or performance share unit shall become immediately payable. The accelerated vesting and exercisability in the event of a termination of employment occurring subsequent to a change in control is intended to allow executives to recognize the value of their contributions to us and not affect management decisions following termination.

The employment agreements of our NEOs provide for severance payments in certain circumstances. The specific amounts that a particular NEO would receive as a severance payment are described under “Potential Payments upon Termination or Change of Control” beginning on page 55 of this Proxy Statement.

Limitations on Deductibility of Compensation

Prior to December 22, 2017, when the Tax Cuts and Jobs Act of 2017 (the “TCJA”) was signed into law,

Section 162(m) of the Internal Revenue Code generally disallowed a tax deduction to publicly held companies for compensation paid to certain executive officers in excess of \$1 million per officer in any year that did not qualify as performance-based. In connection with fiscal 2017 compensation decisions, the Compensation Committee considered the effects of Section 162(m). Because we believe that it is important to preserve flexibility in administering compensation programs in a manner designed to attract, retain and reward high-performing executives or promote varying corporate goals, we did not adopt a policy for 2017 that all compensation must qualify as deductible under Section 162(m). Therefore, certain amounts paid in 2017 under our compensation programs, including salaries, bonuses and long-term incentive plan grants, may not qualify thereunder as compensation excluded from the limitation on deductibility. The committee has discretion to award compensation that may not qualify as tax deductible.

Under the TCJA, the performance-based exception has been repealed and the \$1 million deduction limit now applies to anyone serving as the chief executive officer or the chief financial officer at any time during the taxable year and the top three other highest compensated executive officers serving at the end of the fiscal year. The new rules generally apply to taxable years beginning after December 31, 2017, but do not apply to remuneration provided pursuant to a written binding contract in effect on November 2, 2017 that is not modified in any material respect after that date.

Other Policy Considerations

Clawback Policy. Our Clawback Policy allows us to seek reimbursement with respect to incentive compensation paid or awarded to executive officers where the payment of a bonus or equity award or the vesting of such award was predicated upon the achievement of financial results that were the product of fraudulent activity or that were subsequently the subject of a material negative restatement.

Anti-Hedging Policy. Our Hedging Transactions Policy prohibits senior executives from engaging in hedging transactions designed to offset decreases in the market value of our stock, including certain forms of hedging and monetization transactions.

Anti-Pledging Policy. Our Securities Law Compliance Policy prohibits executives from holding our stock in a margin account or pledging our stock as collateral for loans.

Timing of Equity Awards. Equity awards are made by the Compensation Committee generally only on dates that the Committee meets. Committee meetings are normally scheduled well in advance and are not scheduled with an eye to announcements of material information. The Committee sometimes makes an award with an effective date in the future, which may be contingent or designed to take effect after the announcement of material information. The Committee may make an award by unanimous

written consent if the proposed award has previously been reviewed by the Committee.

Summary

We believe that our executive compensation program has been appropriately designed to achieve our compensation objectives and does not create risks that are reasonably likely to have a material adverse effect on us.

Our executive compensation program is competitive, performance driven, consistent with Shareholder interests and fair and reasonable overall. We believe that our compensation levels fairly reflect our operating and financial performance and are appropriate relative to our Peer Group Companies.

How the Committee Considered the 2017 Advisory Vote on Our Compensation Program

We provided Shareholders a “say on pay” advisory vote on our executive compensation in 2017. At our 2017 annual meeting of Shareholders, Shareholders expressed substantial support for the compensation of our NEOs, with approximately 95% of the votes cast for approval of the “say-on-pay” advisory vote on executive compensation. Our Compensation Committee and Board value the opinions of our Shareholders and consider those opinions when making compensation decisions. To the extent we receive a significant vote against the compensation of our named executive officers, we will consider our

Shareholders’ concerns and the Committee will evaluate whether any actions are necessary to address those concerns. The Committee also considered many other factors in evaluating our assessment of the interaction of our compensation programs with our business objectives, including reviewing data of a comparison group of peers. While all of these factors weighed on the Committee’s decisions regarding our NEOs’ compensation, the Committee did not make any changes to our executive compensation program and policies as a result of the 2017 “say-on-pay” advisory vote.

Summary Compensation Table

The following table sets forth information regarding the fiscal 2017, 2016 and 2015 compensation awarded to, earned by, or paid to our NEOs. It is important to note that the Summary Compensation Table and the Grants of Plan-Based Awards table appearing on page 48 only reflect plan-based awards actually issued in fiscal 2017.

All of our NEOs are paid in currencies other than dollars. Messrs. Gandossi and Ure are paid in Canadian dollars and the remaining NEOs are paid in

- (3) Stock awards awarded to NEOs consist primarily of performance share units issued under the 2010 Plan. The amounts shown do not reflect whether the recipient has actually realized or will realize a financial benefit from such awards. The amounts shown represent the aggregate grant date fair values during the indicated fiscal year of the awards granted to our NEOs in 2017 and prior fiscal years as determined in accordance with ASC 718 and based on the assumptions and methodologies set forth in the Notes to the Consolidated Financial Statements in our Annual Reports on Form 10-K for the years ended December 31, 2017, 2016 and 2015, respectively. Amounts for 2015 have been adjusted to reflect the foregoing presentation. On February 23, 2017, we granted 2017 PSUs to all our NEOs. The grant date fair values are reported based upon the Share price of \$12.00, which was the closing market price on the date of grant, and the probable outcome of the Performance Criteria for such awards as of the date of grant in accordance with SEC rules. - (4) The amounts set forth in this column for Mr. Gandossi and Mr. Ure reflect the annual change in the value, including interest, of their respective unfunded accounts, which accounts record those retirement plan contributions in excess of the applicable statutory limit.

- (1) The “Threshold” amount reported represents vesting of a minimum percentage of the performance award if the minimum acceptable objective is achieved (as determined by the Committee). If threshold performance is not satisfied, an NEO’s rights with respect to the award are forfeited. The “Target” amount reported represents the number of Shares issuable if performance objectives are achieved (as determined by the Committee) and the “Maximum” amount reported represents vesting of 200% of the performance award if the maximum objective is achieved (as determined by the Committee).
- (2) Stock awards awarded to NEOs in 2017 consist of the 2017 PSUs granted to all our NEOs on February 23, 2017. Pursuant to ASC 718, grant date fair values of the 2017 PSUs granted in February 2017 are based on the Share price of \$12.00, which was the closing market price on the date of grant, and the probable outcome of the Performance Criteria for such awards as at the date of grant in accordance with SEC rules.

Narrative Disclosure to Grants of Plan-Based Awards Table

All equity awards shown in the table were granted under our 2010 Plan. Annual incentive plan awards reflect the potential threshold, target and maximum incentive awards payable to our NEOs based upon the achievement of the Performance Criteria. Amounts shown are calculated as a percentage of base salary. Target bonus amounts assume the achievement of the Performance Criteria at the target amounts. Maximum bonus amounts assume the achievement of the Performance Criteria at the maximum amount of 200%. The actual equity bonus payments received by NEOs are set out in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table.

In February 2017, we issued an aggregate of 542,788 2017 PSUs to our executives, including an aggregate of 257,956 2017 PSUs to our NEOs.

Each PSU represents one Share. As a result, the number of 2017 PSUs issued to NEOs was 200% of

the “target” level of performance share units, being the maximum number of Shares that our NEOs may earn pursuant to the LTIP.

The number of PSUs that actually vest and the Shares actually earned will be based on the achievement of the Performance Criteria established by the Committee described below. The Performance Criteria for the PSUs granted in 2017, 2016 and 2015 are the same. The performance period for PSUs is three years and the Performance Criteria is assessed by the Committee after receipt of our audited financial statements for the last completed fiscal year of a performance period. The performance period for the 2017 PSUs ends December 31, 2019.

The Committee has the opportunity to assess the effectiveness of the LTIP each year and make adjustments, if needed, to the LTIP.

Determinations as to the achievement of the Performance Criteria by an NEO and the number of PSUs that actually vest and Shares that are actually earned are made by the Committee with reference to Performance Criteria consisting of the following three equally weighted components:

- (1) *Absolute Return on Average Assets* (“ROAA”). Calculated by dividing our net income by average assets, with the result for the three-year performance period being a simple average of the ROAA for each of the three years.

The ROAA component for the PSUs granted in 2017, 2016 and 2015 is as follows:

| Three-Year Average ROAA | Payout of Target |
|-------------------------|------------------|
| <3% | 0% |
| 3.00% to 4.99% | 50% to 90% |
| 5.00% to 6.99% | 100% to 199% |
| >7.00% | 200% |

- (2) *Total Shareholder Return* (“TSR”). The return on the Shares, including price appreciation and dividend payouts, over the three-year performance period compared to the Peer Group Companies and determined as follows:

| TSR Percentile Ranking to Peers | Payout of Target |
|---------------------------------|------------------|
| <33 percentile | 0% |
| 33 to 65 percentile | 50% to 90% |
| 66 to 90 percentile | 100% to 199% |
| >90 percentile | 200% |

- (3) *New Business Initiatives* (“NBIs”). NBIs are new business initiatives being undertaken by management which the Committee has approved as qualifying for the NBI component of the Performance Criteria. In connection with the Committee’s approval of a business initiative as an NBI under this component, the Committee establishes metrics to assess and determine whether such NBI was successfully implemented and its subsequent effect on the Company’s business and operations. Not all business initiatives that management or we undertake qualify as an NBI under this component.

As some NBIs may take time to develop and successful implementation could extend beyond the three-year performance period, the Committee uses its judgment in awarding a payout under this component of the Performance Criteria.

The quality of NBIs is rated by the Committee on a scale of 1 to 4, with 1 being no NBIs proposed and 4 being NBIs proposed and approved by the Board and measures initiated and successfully implemented to metrics approved by the Committee, as follows:

| NBI Rating | Payout of Target |
|------------|------------------|
| 1 | 0% |
| 2 | 50% |
| 3 | 100% |
| 4 | 200% |

For each of the three components of the Performance Criteria, the Committee will “interpolate” performance between ranges. For the TSR component, the Committee uses, as the starting price of the various securities, the average trading price of the securities for the first 20 days of trading of 2017 and, as the end price, the average trading price of the securities for the last 20 days of trading in 2019. Any awards under the LTIP that do not vest pursuant to the Performance Criteria are forfeited.

In 2016, the Committee awarded an aggregate of 991,552 PSUs (the “2016 PSUs”) which are eligible to vest following the end of a three-year performance period ending on December 31, 2018.

In February 2018, our Board, based upon the Committee’s assessment of the achievement of the Performance Criteria, approved the vesting and awarding of 153,243 Shares to our executives (including our NEOs) pursuant to the 2015 PSUs. The 153,243 Shares represent 74% of the potential Share award range previously set at between 0% and 200%. See “Vesting of 2015 PSUs” on page 38 hereof.

Under the 2010 Plan, PSUs vest immediately upon the occurrence of a triggering event occurring within 12 months of a change of control. See “Narrative Discussion on Potential Payments upon Termination or Change of Control”.

Non-Qualified Deferred Compensation

We do not maintain a retirement program for our Executive Chairman. We maintain two separate retirement programs for our other North American and European executive officers.

Under the terms of our North American program, we make a contribution to a registered retirement savings

plan ("RRSP") account with a financial institution in the name of the executive officer in an amount equal to 10% of a combined total of 100% of gross salary and 50% of cash bonus payments up to the annual maximum RRSP limit (C\$26,010 in 2017). Amounts in excess of the annual maximum RRSP limit, are credited to an unfunded account and earn interest

based on a notional growth rate of 3.78%. While the value of the unfunded account grows on a tax-free basis while retained in the Company, the executive officer will be subject to full taxation on the balance at the time the funds are withdrawn (upon retirement or termination of employment).

Our Chief Executive Officer and Chief Financial Officer participate in our North American program. In 2017, we contributed or accrued \$69,841 and \$39,257, respectively, on their behalf under the terms of the program.

Similarly, under the terms of our European program, we make contributions to a German government regulated pension plan in an amount equal to 10% of a combined total of 100% of each participating

German executive officer's gross salary and 50% of such executive's cash bonus payments. In addition, to the extent that such statutory pension is limited by an annual cap (€6,395 in 2017), contributions in excess of this amount are remitted to a third party fund and held in an account in the executive officer's name. While the value of such account grows on a tax-free basis while retained with the third party fund, the executive officer will be subject to full taxation of the balance at the time the funds are withdrawn (upon retirement or termination of employment).

The NEOs participating in our European program are Messrs. Ridder and Nossol, on whose behalf, in 2017, we contributed \$35,875 and \$36,666, respectively, under the terms of the program.

Non-Qualified Deferred Compensation Table

The following table sets forth information regarding contributions, earnings and account balances described above for our NEOs under our retirement programs.

| Name | Executive Contributions in Last Fiscal Year (\$) | Registrant Contributions in Last Fiscal Year ⁽¹⁾ (\$) | Aggregate Earnings in Last Fiscal Year ⁽²⁾ (\$) | Aggregate Withdrawals/ Distributions (\$) | Aggregate Balance at Last Fiscal Year End ⁽³⁾ (\$) |
|-------------------|--|--|--|---|---|

| David M. Gandossi | - | 49,787 | 15,714 | - | 448,558 ⁽⁴⁾ |
| David K. Ure | - | 19,203 | 1,293 | - | 48,020 ⁽⁴⁾ |
| Wolfram Ridder | - | 28,647 | - | - | - |
| Leonhard Nossol | - | 29,438 | - | - | - |

- (1) Amounts in this column reflect our contributions to each of our NEOs' respective retirement plan which is in excess of the amount permitted by applicable tax statute. We also account for these amounts in the Summary Compensation Table on page 48 of this Proxy Statement, under the "Change in Pension Value and Non-Qualified Deferred Compensation Earnings" column for Messrs. Gandossi and Ure and under the "All Other Compensation" column for all of our other NEOs.
- (2) The amount in this column reflects interest accrued based on a notional growth rate of 3.78%. We account for Messrs. Gandossi and Ure's amounts in the Summary Compensation Table on page 41 under the "Change in Pension Value and Non-Qualified Deferred Compensation Earnings" column.
- (3) No amounts are shown in this column for the NEOs participating in our European retirement program, as contributions in excess of statutory limits are remitted to a third party fund and the Company no longer has any obligation in respect thereof.
- (4) Of this balance, \$375,502 and \$26,981 were previously reported as compensation to Mr. Gandossi and Mr. Ure, respectively, in the Non-Qualified Deferred Compensation Table in the prior year's proxy statement. The information in this footnote is provided to clarify the extent to which amounts payable as deferred compensation represent compensation reported in our prior proxy statements rather than additional currently earned compensation.

Potential Payments upon Termination or Change of Control

The following table shows the estimated change in control benefits that would have been payable to our NEOs if a change of control had occurred on December 31, 2017.

(2) Based on the closing market price of \$14.30 per Share on the NASDAQ Global Select Market on December 29, 2017.

Narrative Discussion on Potential Payments upon Termination or Change of Control

2010 Plan

Under the 2010 Plan, all unvested performance awards granted under the plan will vest if a triggering event occurs within 12 months following a change of control. The 2010 Plan has detailed definitions of “change of control” and “triggering event”. Generally speaking, under the 2010 Plan, a change of control occurs if: (i) we sell or otherwise dispose of all our substantially all of our assets; (ii) someone acquires 50% or more of our Shares; or (iii) we complete a

merger, consolidation or reorganization, following which 50% or more of the voting shares of the continuing or surviving entity and the parent company of such entity are held by persons who were not Shareholders prior to such merger, consolidation or reorganization. Any one of the following events would constitute a triggering event under our 2010 Plan: (i) the termination of the relevant employee without cause; (ii) the occurrence of constructive termination; or (iii) in connection with a change of control, any outstanding awards are not assumed,

replaced, converted or otherwise continued by the Company or a successor entity thereof. Due to the number of factors that affect the nature and amount of any benefits provided upon the happening of such events, any actual amounts paid or distributed may be different. Factors that could affect these amounts include the achievement of performance thresholds and the Company's stock price.

Contractual Obligations

Jimmy Lee

Termination without cause or voluntary termination for good reason. – The terms of his employment agreement provide that, if Mr. Lee is terminated without cause or voluntarily terminates his employment for good reason, he will be entitled to a severance payment equal to three times the sum of: (A) his then annual salary; and (B) the higher of (i) his current annual bonus and (ii) the highest variable pay and incentive bonus received during the three years last ending prior to his termination. This amount is payable in substantially equal installments over a twelve-month period, unless (i) a change of control occurs following such termination, in which case the unpaid portion of such severance amount is payable in full in a lump sum cash payment immediately following such change of control, or (ii) such termination occurs in contemplation of, at the time of, or within three years after a change of control, in which case this amount is payable in a lump sum cash payment immediately following such termination. In addition, all Mr. Lee's unvested rights in any stock options and any other equity awards will vest in full and become immediately exercisable. Mr. Lee will also be entitled to any accrued benefits.

Mr. Lee's employment agreement defines a "change of control" as the occurrence of any of certain specified events including: (1) the receipt by the Company of a Schedule 13D or other statement filed under Section 13(d) of the Exchange Act indicating that any person, directly or indirectly, (a) has become the beneficial owner of more than 50% of the outstanding Shares or (b) has sole and/or shared voting or dispositive power over more than 50% of the outstanding Shares; (2) a change in the composition of the Board occurring within a two-year period prior to such change, as a result of which fewer than a majority of the Board members are incumbent Board members; (3) the solicitation of a dissident proxy, the purpose of which is to change

the composition of the Board with the result or potential result that fewer than a majority of the Board will be incumbent members; (4) the consummation of a merger, amalgamation or consolidation of the Company with or into another entity if more than 50% of the combined voting power of the continuing entity's securities outstanding immediately after such event are owned by persons who were not Shareholders prior to such event; (5) the sale of all or substantially all of our assets; or (6) the approval by our Shareholders of a plan of complete liquidation or dissolution.

Death or termination for disability. – The terms of his employment agreement provide that, in the event of Mr. Lee's death or if Mr. Lee is terminated in connection with a disability, he is not entitled to any additional payments or benefits, other than accrued benefits, any amounts payable under the Company's incentive plan then in effect, and a prorated bonus, which is payable at the same time as the Company's other senior executives are paid under any cash bonus or long-term incentive plan. This amount is payable in substantially equal installments over an

eighteen-month period, unless a change of control occurs following such termination, in which case the unpaid portion of such severance amount is payable in full in a lump sum cash payment immediately following such change of control.

The terms of his employment agreement further provide that, if Mr. Gandossi is terminated without cause or voluntarily terminates his employment for good reason in contemplation of, at the time of, or within twelve months after a change of control, instead of the amounts and payment terms described above, he will be entitled to a lump sum severance payment equal to three times the sum of: (A) his then annual salary; and (B) the higher of (i) his current annual bonus, (ii) the highest variable pay and incentive bonus received during the three years last ending prior to his termination and (iii) 50% of his then annual salary.

In addition, if Mr. Gandossi is terminated without cause or voluntarily terminates his employment for good reason, all Mr. Gandossi's unvested rights in any stock options and any other equity awards will vest in full and become immediately exercisable. Death or termination for disability. – The terms of his employment agreement provide that, in the event of Mr. Gandossi's death or if Mr. Gandossi is terminated in connection with a disability, he is not entitled to any additional payments or benefits, other than accrued benefits, any amounts payable under the Company's incentive plan then in effect, and a prorated bonus, which is payable at the same time as the Company's other senior executives are paid under any cash bonus or long-term incentive plan. In addition, all Mr. Gandossi's unvested rights in any stock options and any other equity awards will vest in full and become immediately exercisable.

David Ure

Termination without cause or voluntary termination for good reason. – The terms of his employment agreement provide that, if Mr. Ure is terminated without cause or voluntarily terminates his employment for good reason, he will be entitled to a severance payment equal to one time the sum of: (A) his then annual salary; and (B) the higher of (i) his current annual bonus and (ii) the highest variable pay and average incentive bonus received during the two years last ending prior to his termination. This amount is payable in substantially equal installments over a twelve-month period, unless a change of control occurs following such termination, in which case the unpaid portion of such severance amount is payable in full in a lump sum cash payment immediately following such change of control.

The terms of his employment agreement further provide that, if Mr. Ure is terminated without cause or voluntarily terminates his employment for good reason in contemplation of, at the time of, or within twelve months after a change of control, instead of the amounts and payment terms described above, he will be entitled to a lump sum severance payment equal to one and a half times the sum of: (A) his then annual salary; and (B) the higher of (i) his current annual bonus and (ii) the highest variable pay and average incentive bonus received during the two years last ending prior to his termination.

In addition, if Mr. Ure is terminated without cause or voluntarily terminates his employment for good reason, all Mr. Ure's unvested rights in any stock options and any other equity awards will vest in full and become immediately exercisable. Mr. Ure will also be entitled to any accrued benefits.

Notwithstanding, a "change of control" in respect of items (1) to (4) above will not be deemed to occur unless such transaction constitutes a change in ownership of the Company or a change in effective control of the Company.

Termination for cause or voluntary termination without good reason. – The terms of his employment

agreement provide that, if Mr. Ure is terminated for cause or voluntarily terminates his employment without good reason, he is not entitled to any additional payments or benefits, other than accrued benefits (including, but not limited to, any then vested stock options and other equity grants) and a prorated bonus, which is payable immediately upon such termination.

Death or termination for disability. – The terms of his employment agreement provide that, in the event of Mr. Ure's death or if Mr. Ure is terminated in connection with a disability, he is not entitled to any additional payments or benefits, other than accrued benefits, any amounts payable under the Company's incentive plan then in effect, and a prorated bonus, which is payable at the same time as the Company's other senior executives are paid under any cash bonus or long-term incentive plan. Wolfram Ridder

The terms of Mr. Ridder's employment agreement provide for a six-month notice period in case of termination and 12 months in the event of a change of control, which is defined as a direct or indirect change in majority ownership of Stendal Pulp Holding GmbH.

In addition to the terms provided for in the individual employment agreements, our 2010 Plan contains provisions for accelerated vesting and exercisability of options, stock appreciation rights, restricted stock, restricted stock rights and performance awards upon termination of employment within 12 months of a change of control. The Committee also has the discretion to vest and make exercisable any outstanding award previously issued under the 2010 Plan upon the closing of a transaction that results in a change of control.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Mr. David Gandossi, our President and Chief Executive Officer:

For 2017, our last completed fiscal year:

- the annual total compensation of the employee identified at median of our company (other than Mr. Gandossi), was \$59,746;
- the annual total compensation of Mr. Gandossi for purposes of determining the pay ratio was \$1,503,343; and
- the ratio of the annual total compensation of Mr. Gandossi, to the median of the annual total compensation of all employees was estimated to be 25 to 1.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our

payroll and employment records and the methodology described below. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

To identify the median employee, we determined that, as of December 31, 2017, our employee population consisted of approximately 1,450 individuals globally. To identify the "median employee" from our employee population, we collected actual base salary, bonus paid, and any overtime paid during the year ending December 31, 2017. In making this determination, we annualized the compensation of all newly hired permanent employees during this period. We did not include employees of the Friesau Facility, which we acquired during the 2017 fiscal year.

The Board requests that Shareholders ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm as a matter of good corporate practice.

Policy on Audit Committee Pre-Approval of Audit and Permitted Non-Audit Services

Our Audit Committee is responsible for appointing, setting compensation for and overseeing the work of PricewaterhouseCoopers LLP. The committee has established a policy requiring its pre-approval of all audit and permissible non-audit services provided by

PricewaterhouseCoopers LLP. The Audit Committee from time to time will provide a general pre-approval of specific types of services and provide specific guidance as to the specific services which may be eligible for pre-approval and will obtain appropriate

cost estimations for each type of service. The Audit Committee also specifically pre-approves all other permitted services. For all pre-approval of services, the Audit Committee considers whether such services are consistent with the rules of the SEC on registered public accounting firm independence. Under the

policy, the Audit Committee must pre-approve services prior to the commencement of the specified service. In 2016 and 2017, all services provided by our independent registered public accounting firm, PricewaterhouseCoopers LLP, had been pre-approved by the Audit Committee.

PROPOSAL 3 - ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Company believes that the compensation policies for our NEOs are designed to attract, motivate and retain talented executive officers and are aligned with the long-term interests of our Shareholders. This advisory Shareholder vote, commonly referred to as a “say-on-pay vote” gives you as a Shareholder the opportunity to approve or not approve the compensation of our NEOs that is disclosed in this Proxy Statement. This advisory Shareholder vote occurs every year and will next occur at our annual meeting of Shareholders to be held in 2019 (the “2019 Annual Meeting”). The non-binding resolution approving our executive compensation was approved by 95% of the Shareholders present or represented by proxy at our 2017 annual meeting of Shareholders. This vote is not intended to address any specific item of executive compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement. Accordingly, the Company asks that you indicate your support for our executive compensation policies and practices as described in the Company’s Compensation Discussion and Analysis, accompanying tables and

related narrative contained in this Proxy Statement by voting “FOR” the following resolution:

RESOLVED that the Company’s Shareholders approve, on an advisory basis, the compensation of the Company’s executives named in the Summary Compensation Table, as disclosed in the Company’s 2018 Proxy Statement pursuant to the executive compensation disclosure rules of the Securities and Exchange Commission, which disclosure includes the Compensation Discussion and Analysis, compensation tables, narrative disclosure and other related tables and disclosure.

Since this say-on-pay vote is advisory, it will not be binding on the Board or the Compensation and Human Resources Committee. However, the Board and our Compensation and Human Resources Committee value the opinions of our Shareholders and will review the voting results and take them into consideration when making future decisions regarding executive compensation. The affirmative vote of the holders of a majority of the Shares represented in person or by proxy entitled to vote on the proposal will be required for approval.

OUR BOARD RECOMMENDS A VOTE “FOR” THIS PROPOSAL.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires that our officers and directors and persons who own more than 10% of our Shares file reports of ownership and changes in ownership with the SEC and furnish us with copies of all such reports that they file. Based solely upon a review of the copies of these reports received by us, and upon written representations by

our directors and officers regarding their compliance with the applicable reporting requirements under Section 16(a) of the Exchange Act, we believe that all of our directors and officers filed all required reports under Section 16(a) in a timely manner for the year ended December 31, 2017.

FUTURE SHAREHOLDER PROPOSALS

Any proposal which a Shareholder wishes to include in the proxy statement and proxy relating to the 2019 Annual Meeting must be received by the Company on or before December 14, 2018. the Company no earlier than February 1, 2019 and no later than March 3, 2019. If the Company receives notice of a Shareholder proposal after March 3, 2019, such notice will be considered untimely and the Company's management will have discretionary authority to vote proxies received with respect to such proposal.

Please direct any proposal or notice of intention to present a proposal to the care of the Secretary, Mercer International Inc., Suite 1120, 700 West Pender Street, Vancouver, B.C., Canada V6C 1G8.
